AWARD

By order No. 2152-I.R./IR/11L-184/66, dated the 30th May 1966, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Regular Spring Mfg. Co., 113-G Netaji Subhas Road, Room No. 38, Calcutta-1, and their workmen represented by West Bengal Shops and Establishments Employees' Association, 13A Creek Lane, Calcutta-14, regarding the matters specified in the Schedule, to the Third Industrial Tribunal, constituted under section 7A of the Industrial Disputes Act, 1947, by Notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

Issue

Whether termination of employment of Shri Haran Chatterjee is justified ? To what relief, if any, is he entitled ?

On receipt of the order of reference, usual notices were served on the parties and they appeared and filed their respective written statements.

The union's case as stated in its written statement filed, in short was, that Shri Haran Chatterji, an old worker of Messrs. Regular Spring Manufacturing Company, at 113-G Netaji Subhas Road, Calcutta-1, hereinafter referred to in this award as the company, had gone on medical leave for one month on and from 10th June 1965, but was refused employment when after the expiry of his leave he had reported for duty. Union contended that Shri Chatterji had been victimised by the Company as he was agitating legally for betterment of wages and other service conditions of himself and other employees and prayed for his reinstatement with all wages and other benefits during the period of his forced unemployment.

The company denied the charge of victimisation as also the union's allegation of refusal of work to Shri Chatterji and submitted that Shri Chatterji, had of his own accord, given up his employment under it with effect from 10th June 1965, under the circumstances mentioned by it in its written statement filed.

The company also took up the preliminary objection that the reference is bad and incompetent. As this preliminary objection goes to the root of the case, it was first taken up for hearing.

It was argued on behalf of the company that as of its workers excepting Shri Haran Chatterji was ever a member of West Bengal Shops and Establishments Employees' Association, which has espoused the cause of Shri Chatterji before the Labour Directorate and is still now agitating for his reinstatement, the dispute under the reference was only an individual dispute incapable of adjudication by the Tribunal and that accordingly this Tribunal has no jurisdiction to decide the issue under reference. It was further argued on behalf of the company that as the cause of action for the present proceedings arose when individual dispute was beyond the jurisdiction of the Tribunal and section 2(a) of the Industrial Disputes Act, 1947, as amended by Act XXXV of 1965, is not retrospective in operation, the reference even though treated as a reference for adjudication of an individual dispute was invalid and incompetent.

If any of the above two contentions of the company succeeds certainly the reference is invalid.

It is not disputed that at the material time the company had only three workers including Shri Chatterji, the other two being P.W.2 Shri Sanat Kumar Chakravarti and P.W.3 Shri Kebal Chandra Mondal. Both Shri Mondal admittedly a part-time worker of the company and Shri Sanat Kumar Chakraborty have in their evidence before this Tribunal said that they were never member of the West Bengal Shops and Establishments Association and had not also supported Shri Chatterjee's case before the Assistant Labour Commissioner. In this view of the matter it can easily be said that Shri Haran Chatterjee's case before the Assistant Labour Commissioner was not supported by any of the remaining workers of the company. It appears from the order of reference as also from the evidence led on behalf of Shri Chatterji before this Tribunal, that the West Bengal Shops and Establishments Employees' Association had taken up his cause before the Assistant Labour Commissioner but it had none of the remaining workers of the company on its roll of members. The Association was thus not an association of the workers of the company or in other words a representative of the workers of the company and the other workers also did not support Shri Chatterji's case before the Assistant Labour Commissioner. The dispute raised on behalf of Shri Chatterji over his dismissal thus remained in the domain of individual dispute notwithstanding his representation before the Assistant Labour Commissioner by the Association, and was never an industrial dispute under the Industrial Disputes Act, 1947. An indivdual dispute becomes an industrial dispute only when it is taken up by the workmen's union or by a considerable body of workmen and the basis of this principle lies in the importance of collective bargaining in the settlement of industrial disputes. In the case of Bombay Union of Journalists and others vs. The "Hindu", Bombay and another reported in 1961 L.L.J., at page 437 it was held that an individual dispute concerning an individual workman becomes an industrial dispute only when it is taken up by a considerable section of the workmen of the same establishment or by a union of such workmen and that the fact that it is sponsored by some other union cannot give the dispute the character of an "industrial dispute". It was further held in the case that in each case in ascertaining whether an individual dispute has acquired the character of an individual dispute, the test is whether at the date of the reference the dispute was taken up as supported by the union of the workmen of the employer against whom the dispute is raised by an individual workman or by an appreciable number of workmen. As the Association was not an Association of the workers of the company and Shri Chatterji's cause was never supported by the other workers, the dispute referred to for adjudication never became an industrial dispute and was not, therefore, as such referable to the Tribunal for adjudication. Stated in other words, reference for adjudication of the dispute between the company and the Association as mentioned in the order of reference was quite incompetent and invalid. The fact that on the date of the reference, under the Industrial Disputes Act, 1947, as amended in 1965, dismissal, discharge, retrenchment or otherwise termination of the services of an individual workman was an industrial dispute notwithstanding that no other workman, nor any union of the workmen was a party to the dispute, cannot, in my opinion, alter the findings already made that the reference was incompetent inasmuch as Shri Chatterji's case was not espoused by any union of the workmen of the company or by a substantial number of workmen.

Shortly after the dismissal of Shri Chatterji the Association approached the Assistant Labour Commissioner for his intervention, and conciliation proceedings were started. The proceedings, however, were unfruitful and the dispute was referred to the Tribunal for adjudication. Section 12 of the Industrial Disputes Act, 1947, prescribes the duties of Conciliation Officers and from this section the conciliation officer derives the jurisdiction to conciliate industrial dispute. He cannot, however, proceed under the section for bringing about a settlement of an individual dispute. When, therefore, the dispute raised by the Association over the dismissal of Shri Chatterji was an individual dispute, the Assistant Labour Commissioner had no jurisdiction to attempt settlement in the dispute and to refer the dispute to the Tribunal for adjudication after his attempts for bringing about the settlement had failed. The dispute was no doubt raised before him as an industrial dispute but facts and circumstances already discussed conclusively prove that it was all along an individual dispute. When, therefore, on the date of dismissal of Shri Chatterji, individual dispute was beyond the scope of Industrial Disputes Act, 1947 and the Association had not on that date or subsequently any locus standi to raise any dispute over his dismissal, the reference was certainly bad in law. Subsequent amendment of the industrial dispute by the Amending Act of 1965 cannot validate the reference because the amendment is not retrospective in operation and the question of the validity of the reference will have to be decided with reference to law as it stood then as also the facts and circumstances of the case as on the date of dismissal, and on that date the Association was not competent to raise any industrial dispute over the dismissal of Shri Chatterji. In support of these observation I may refer to the case of Tata Iron and Steel Co. Ltd., and their workmen reported in F.L.R. 1966 (13) at page 25 and Samsuddin and State of Kerala and others reported in 1961 (I) L.L.J., at page 77. In these cases the concerned workers were not members of the union which had espoused their cause on the date of their dismissal but had become members subsequent to their dismissal and it was held in both of them that the membership of the Union which would give it jurisdiction to espouse the cause of concerned workman must be anterior to the date of his dismissal and not subsequent to it. The reference of a dispute at the instance of a union of which the concerned workman became a member after his dismissal could not be considered to be valid. In the Kerala case referred to above it was further held that in determining whether the dispute is a trade dispute or otherwise, the material time is when the act complained against has happened and not when the dispute is referred. Both these cases were no doubt under the Industrial Disputes Act as it stood before the amendment but from the decisions in the cases the proposition drawn can be that if on the date of dismissal of a worker a dispute raised over his dismissal was not referable to the Tribunal for adjudication being an individual dispute, subsequent amendment of the Act bringing the individual dispute within the ambit of "industrial dispute", will not justify the reference of the dispute as an industrial dispute. Accordingly when the reference was incompetent and bad in law because the dispute over the dismissal of Shri Chatterji was never an industrial dispute, section 2(a) inserted in the Industrial Disputes Act, 1947, by Central Act No. XXXV of 1965, which lays down that industrial dispute shall be deemed to be an industrial dispute notwithstanding that no other workman or any number of workmen is a party to the dispute, cannot validate the reference.

The reference is also bad as the Tribunal has been asked to adjudicate on an industrial dispute between the company and the Association but it is proved that the latter had no locus standi to be a party to the dispute.

In view of the findings above made, the preliminary objection taken by the company must be sustained. A reference under section 10 gives the Tribunal the necessary jurisdiction to adjudicate on an industrial dispute referred to it by the Government, but when in the instant case the reference itself is invalid and incompetent in law, this Tribunal has no jurisdiction to adjudicate upon the issue mentioned in the order of reference.

This is my award.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Jessop and Co. Ltd., 63 Netaji Subhas Road, Calcutta-1 (having works at Dum Dum, Calcutta-28) and their workmen represented by Jessop Employees' Union, 115 Netaji Subhas Road (Room No. 42), Top Floor, Calcutta-1. BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present :

Shri L. C. BANERJEE, Judge,
Fifth Industrial Tribunal.

Present for the Company : Shri J. N. Chatterjee, Legal Advisor, Indian Engineering Association.

Present for the Union : Shri A. Roy Mukherjee, Counsel.

The Government of West Bengal, Labour Department, by order No. 1341-I. R./IR/10L-14(C)/66, dated the 4th April 1966, referred the present industrial dispute between Messrs. Jessop and Co. Ltd., and their workmen, under section 10 of the Industrial Disputes Act for adjudication upon the following issues :

Issues

1. Whether the refusal of sick leave to Sarvashri Rakhal Pal, Jatin Chakraborty and Tarun Chatterjee is justified ? What relief, if any, are they entitled to ?

2. Whether the complain that the company has increased the working hours of the clerks and the writers at Dum Dum Works is real and justified ? What relief, if any, are the workmen concerned entitled to ?

3. Service conditions and Service Rules of the class III clerical staff and the writers at the Dum Dum Works and the Head Office at Calcutta.

4. Canteen for the Class III employees of the Head Office at Calcutta and the Dum Dum Works.

5. Revision of Medical facilities for the class III and the class IV staff of the Head Office.

In compliance with the notices served on the Company and the Union by the Tribunal, both parties appeared and filed their respective statements. After the filing of documents by the parties, the case was taken up for hearing on 20th March 1967. The Union examined 3 witnesses employed in other concerns and 5 employees employed in Messrs. Jessop and Co. Ltd. On behalf of the Company 4 witnesses were examined. A large number of documents were exhibited on either side.

Issue No. 1

The case of the Union is that 3 workmen, namely, Sarbashri Rakhal Pal, Jatin Chakravorty and Tarun Chatterji were on sick leave on different periods, but the Company did not pay them wages for those periods merely on technical pleas, without challenging the sickness or the bona fides of the applications.

The contention of the Company is that these workmen did not comply with the provisions of the notice No. 591, dated 11th December 1953 of the company and, accordingly, they were not entitled to get sick leave. The Company has filed this notice, Ext. B, which shows the provisions as follows :

> "(iii) *Sick Leave* : On the recommendation of the Company's Medical Officer, or on production of Medical Certificates duly accepted by the Company's Medical Officer and in accordance with the notes below the Company will grant Sick Leave on full pay for up to 30 days and on half pay for up to 60 days in each year. This leave will not be cumulative.
>
> "*Note* : A certificate, either from the Company's Medical Officer or from a Registered Medical Practitioner, must be submitted within six days from the first day of illness or on return to work, whichever is the earlier. In cases of illness lasting longer than a week, the certificate must be followed seven days later by a second and thereafter by a certificate at fortnightly intervals until recovery."

It is specifically pleaded by the Company in paragraph 6 of its written statement that the conditions laid down in this notice were accepted by the Fourth Industrial Tribunal in its award as the basis governing the enjoyment of sick leave by the employees of the Company. This contention of the Company has not been controverted by the Union in evidence. I shall now deal with the cases of the 3 employees separately.

Shri Rakhal Pal—He was on leave from 3rd April 1962 to 7th May 1962. In his first application, dated 3rd April 1962 (Ext. A-3), he prayed for 5 weeks' leave on medical ground enclosing therewith a medical certificate, Ext. A (4), dated 28th March 1962, in which he was advised change of climate. The Company, in reply, dated 10th April 1962 (Ext. 1), intimated him that medical leave could not be granted for change of climate, but he might avail of privilege leave due at his credit. Shri Pal then wrote a letter, Ext. A, dated 23rd April 1962, from Mussoorie praying for treating his application as one for sick leave. He joined office on his return from Mussoorie, as stated by him in his evidence, and he then submitted a medical certificate, Ext. A (5), dated 8th May 1962, showing his fitness to join. Next he wrote the letter, Ext. A(1), dated 14th May 1962, praying for payment of his salary for April 1962. The Company gave reply by Ext. 1(a), dated 16th May 1962, that his absence had been treated by it as Privilege Leave and, accordingly, his salary had been passed for payment. Shri Pal next sent the letter, Ext. A (2), dated 30th May 1962, insisting on allowing him sick leave instead of privilege leave. The Company in reply quoted the conditions of the notice No. 591 and intimated him that no sick leave could be allowed to him as the conditions of the notice had not been observed by him (vide Ext. 1(b)). In his evidence Shri Rakhal Pal admits the conditions of the notice 591 and says that he did not furnish any medical certificates in terms of the notice. He further admits that the employees have to produce medical certificates from time to time if they required sick leave, as provided in the notice. It is also admitted by him that the Company gave him privilege leave in lieu of sick leave, and that he got attendance bonus which was not paid to an employee enjoying sick leave.

I find, therefore, that the Company was justified in granting privilege leave instead of sick leave to Shri Rakhal Pal.

Jatin Chakravorty—He was on leave from 3rd July 1962 to 4th August 1962. His first application for leave was a post card, Ext. D, dated 10th July 1962, wherein he stated that due to a grievious injury in his right hand he was unable to attend office since 3rd July 1962 and he prayed for leave till recovery. He admits in his evidence that he did not send any medical certificate along with his application. The Company by letter, Ext. D(2), dated 12th July 1962, pointed out to him that he had not sent any medical certificate as required by the notice No. 591 and as such medical leave could not be granted unless the rules of the notice were complied with. It appears that an extract of the notice No. 591 was enclosed with the Company's letter. Shri Chakravorty in his evidence, examination-in-chief, categorically stated that the Company did not ask him to comply with the provisions of the notice No. 591. But in cross-examination he admits that he came to know about the conditions of the notice after getting the letter, Ext. D (2). Thereafter he sent the letter, dated 18th July 1962, Ext. D(3), enclosing therewith the medical certificate, Ext. D(1), dated 17th July 1962, which stated that he was suffering from simple fracture of two small bones of right hand since 3rd July 1962. Thereafter on 5th August 1962 he joined his duty by submitting a medical certificate, Ext. D (4), of the same date wherein it was certified that he was fit for active work. The Company by letter, Ext. 3, dated 25th August 1962, intimated him that he did not comply with the rules of the notice No. 591. Shri Chakravorty admits in his evidence that his attention to the notice 591 was drawn by the Company by letter, Ext. D(2), dated 12th July 1962. Still he did not send periodical medical certificates to show his state of health as required under the rules of the aforesaid notice.

I find that the Company was justified in refusing sick leave to Shri Jatin Chakravorty.

Tarun Chatterji—He was on leave from 11th December 1962 to 13th January 1963. It appears from the evidence that at first he made application, Ext. C, dated 13th November 1962, stating that he had been suffering from stomach troubles for the last 2 months and his physician had advised him to take rest and a change of climate. Accordingly he prayed for medical leave from 4th December 1962 to 3rd January 1963. A medical certificate, Ext. C(1), was enclosed with his application. Next, on 29th November 1962 he again wrote to the Assistant Personnel Officer enquiring to know whether the leave prayed for by him had been granted by the Company [Ext. C-2-Ext. C(6)]. The Company by letter, Ext. 2, dated 29th November 1962, informed him that his case had been put up to the Member, Board of Management. By another letter, Ext. 2(a), the Company asked Shri Chatterji to report himself to the Medical Officer of the Company for his opinion. Next, the Company by letter, Ext. 2(b), dated 3rd December 1962, intimated him that the medical leave as prayed for by him could not be allowed to him, as the doctor of the Company who had examined him was of opinion that change of climate alone will not cure him of his chronic intestinal trouble. Thereafter Shri Chatterji sent the letter, Ext. C (3), dated 6th December 1962, stating that the medicines prescribed to him were not giving effect sufficiently in the present climate, and hence he needed a change of climate, and he prayed for granting him medical leave with effect from 11th December 1962, as he would proceed out of Calcutta on that day. In reply to this letter the Company wrote to Shri Tarun Chatterji that he was allowed privilege leave [vide Ext. 2 (c), dated 7th December 1962]. Next, Shri Chatterji, by letter Ext. C(4), dated 8th December 1962, insisted on granting him medical leave. Then, it appears, that a medical certificate from a doctor of Asansol reached the Company without any letter with it, and this is Ext. C (5), dated 18th December 1962. The Company then wrote letter, Ext. 2 (d), dated 2nd January 1963 to Shri Chatterji at his home address, enclosing therewith an extract of the notice No. 591, and a copy of the same was sent to the doctor at Asansol. Another medical certificate without any accompanying letter reached the Company (Ext. C-7, dated 5th January 1963) and it appears to have been granted by a medical practitioner of Deoghar. Shri Chatterji thereafter joined his duty on 14th January 1963 by submitting a "fit certificate", Ext. C(9), of the same date granted by his physician at his village home. He then wrote the letter, Ext. C(8), dated 16th January 1963, stating that he had applied for leave in terms of the notice.

In evidence Shri Chatterji (P.W.5) at first wanted to say that he was unware of the notice No. 591, but subsequently he admitted that when he was at Asansol he got a letter from the Company directing him to follow the notice No. 591. He further stated that he did not know what were the conditions laid down in this notice. But he admitted that an extract of the notice No. 591 had been enclosed with the letter of the Company. It may be seen that the letter, Ext. 2(d), filed by this workman contained an enclosure showing the provisions of the notice No. 591. Under the circumstances it seems that the Company was justified in refusing sick leave to Shri Tarun Chatterji as the provisions of the notice No. 591 had not been complied with by him. When the award of the Fourth Industrial Tribunal specifically directed that the provisions of the notice No. 591 must be complied with in case of any worker praying for leave, the Union cannot make out a plea of ignorance of the terms of the said notice. Whether the provisions in the notice are justified or not is not a matter for adjudication before me.

I, therefore, find that these 3 workmen, relating to the issue No. 1 are entitled to no relief.

Issue No. 2.

Regarding working hours of the clerks and writers at the Dum Dum Works, the allegation of the Union, in paragraph 10 of its written statement, is that the Company by a notice, dated 8th November 1963, has increased the working hours from 38 hours to 48 hours a week in the Dum Dum Factory. According to the Union, before this notice the working hours on weekdays were from 9-40 a.m. to 5 p.m. with half-an-hour recess, whereas the Company has changed and made the working hours from 8 a.m. to 5 p.m. by this notice.

The Company categorically denies this allegation. The Time Officer in the Structural Works of the Company, O.P.W.1 Shri Chinmoy Kumar Basu, asserts that since he joined the workshop in 1959 he has been seeing the clerks, attending office from 8 a.m. P.W.7 Shri Sushil Krishna Ghosh, an employee in the Dum Dum Office since 1956 says that he used to work from 9-40 a.m. to 5 p.m. till 1962 when the Company insisted on attendance of the clerks at 8-30 a.m. by circulating a notice. The Company has produced a large number of attendance cards, Ext. G series, in which the hours of attendance and departure are punched by the time recording instrument. O.P.W.1, Shri Basu, has proved the attendance cards of Sushil Ghosh for the period August and September 1961, August 1962 and May and June 1963 (Exts. G-1, G-2 and G-3). P.W.7 Shri Ghosh could not deny that these cards show the time office attendance and departure during those periods. He simply expressed his ignorance on this point. These cards will show that during the period mentioned above Shri Ghosh attended office at nearabout 8-30 a.m. and left at about 5 p.m. on weekdays, and at about 1-30 he left on Saturday. The all other cards produced by the Company will show that the clerks were attending office at about 8 a.m. and were leaving at about 5 p.m. on weekdays. The learned Counsel for the Union contends that these cards might not be genuine. But there is no material to prove that these are forged documents. Under the general law the onus of proving fraud lies on the party who alleges the same. I find no material to disbelieve O.P.W.1 Shri Basu. The specific case of the Union is that the Company by notice No. 1504 dated 8th November 1963, changed the working hours. Ext. E is that notice, and there is nothing in it to show that the Company was changing the working hours. On the contrary, in this notice the attention of the employees was drawn to the provisions of the First Engineering Tribunal Award, and those of the certified standing orders of the Company, and they were requested to attend office punctually. The Company has produced 3 notices of 1956, 1958 and 1960, Exts. H to H-2, which show that the working hours during those periods were from 8 a.m. to 5 p.m. with half-an hour recess on weekdays, and from 8 a.m. to 1 p.m. on Saturday. This Tribunal has not been called upon to adjudicate whether the working hours should be changed. The Company asserts in paragraph 8 of their written statement that the working hours of the clerks and Class IV Staff employed at Dum Dum Works were fixed by the directions in the award of the First Engineering Tribunal, which still continues to be operative. I find that the complaint of the Union that the Company has increased the working hours of the clerks and writers of the Dum Dum Works is not real and justified. The workmen are not entitled to any relief on this issue.

Issue No. 3

This issue relates to service conditions and service rules of the Class III clerical staff and the writers at the Dum Dum Works and Head Office at Calcutta. The case of the Union is that service conditions and service rules of these workers were settled by the award of the Mercantile Tribunal in 1949, and the Company is violating those rules, particularly with reference to (1) appointments of sons and relations of the employees, (2) period of probation and (3) service cards. It is said that the Mercantile Award provides that in case of recruitments, other things being equal, preference should be given to the relations of the employees and that probation period shall not exceed 6 months, though confirmation may be made earlier if the candidate is found suitable; and that service cards shall be maintained, and adverse remarks shall be incorporated in it after giving the person an opportunity to explain his conduct (vide paragraphs 17, 18 and 19 of the Union's written statement). The Company in paragraph 13 of the written statement states that the directions of the Mercantile Tribunal's award are being complied with , so far as they can go in spirit and in letters with such modifications as are being statutorily enforced in relation to service conditions. It further contends that the service conditions and service rules of the clerks and the Class IV Staff of the Dum Dum Works are governed by the directions of the First Engineering Tribunal Award and the certified standing orders of the company with such modifications as are statutorily enforced in respect of the same.

In evidence the only point raised by the Union is that the marks obtained in examinations held for recruitment of staff are not disclosed to the candidates (vide P.W.8. Shri Tarak Bose). O.P.W.4 Shri Birendra Nath Mukherji, Labour Officer, says a that the marks obtained by the candidates sitting in the examination for recruitment are tabulated and sent to the Chief Personnel Officer and Works Director. These marks are not published. According to merit a list is prepared for recruitment of candidates. O.P.W.3 Shri Debnath Gupta, who was previously Assistant Personnel Officer, says that after the list is approved by the Chief Personnel Officer or the Secretary, letters are sent to candidates according to vacancies occurring in the office, and those candidates on getting letters come to the Secretary or the Chief Personnel Officer for interview. After passing the interview test candidates are subjected to medical test. He further says that if any candidate wants to know the result of examination, he is given that information. The Company has filed a large number of correspondence between the Company and candidates in this connection (Ext. O). O.P.W.3 has said that the relations of the existing employees are given employment if they can secure qualifying marks. The learned representative of the Company rightly contended that the Tribunal cannot make any direction in regard to the candidates sitting for examination for recruitment of clerks inasmuch as that they cannot be deemed to be 'workmen' till they get appointment.

Regarding the service conditions and service rules for the existing Class III clerical staff and writers at Dum Dum Works and Head Office of the Company, I direct that the Company shall follow the directions given in previous awards by the Tribunals. In recruiting new hands preference should be given to sons and relations of the existing employees, if they are found suitable. The probationary period shall be 6 months. I cannot accede to the Union's claim for 3 months' probationary period as that period will be too short to judge the efficiency of a workman. The Company should also maintain service records of the workmen.

Issue No. 4

This issue relates to the demand for canteen for the class III employees of the head office at Calcutta and the Dum Dum Works. The Union contends in paragraph 20 of its written statement that at present there are 8 canteens at the factory and 2 at the head office. In the factory there are one canteen each for Class I, Class II Officers, Apprentices, one canteen each for Mechanical, Structural, Wagon and Coach Works, for a total of 10,000 workers, and one canteen under the name and style of "Staff Mess" at the Structural Works for Class III and Class IV staff at the said Works. It is alleged that the management had taken steps to do away with the existing canteen at the Structural Works for Class III and Class IV staff by way of forfeiting their quota of rice which was being supplied to the said canteen previously. The claim of the Union is that this canteen for Class III staff of the factory at the Structural Works should continue with supply of rationed rice and other food staff as before.

Regarding the head office, there are at present 2 canteens, one each for Class I and Class II staff, and the Union wants that one more canteen should be started for the Class III and Class IV staff at the head office.

In the written statement the Company pleads that there are 6 fully equipped canteens as per the provisions of the Factories Act in the 6 workshops at Dum Dum Factory, and all workers are entitled to participate in the canteen facilities arranged for them by the Company. It is further stated that Class I and Class II staff of the factory have made their own arrangements for their mid-day meals with the Jessop's Social Club which is run and managed by the members of the club themselves, and the Company has nothing to do with it. Regarding Classes I and II staff of the head office, they themselves arrange their food at their own cost. The Company admits that the clerks and writers in the Structural Works managed to obtain a temporary permit for rice in the name of the Chairman, Jessop's Staff Mess Management Committee in 1965. But it is alleged that it was a ghost permit as that staff mess was not in existence at all. P.W.7 Shri Susil Ghosh categorically states that there was a separate Staff Canteen for Class III staff in the factory and it was set up in 1954. The Union has produced a farewell address given by the staff to Mr. A. K. Robertson, Labour, Security and Welfare Officer, in December 1956 wherein it is stated that a staff canteen was started at his instance (vide Ext. 4). Shri Ghosh further states that previously they used to purchase rice from the market for this canteen or staff mess and after the introduction of rationing they got an ad hoc permit for ration for this canteen after they had held correspondence with the authorities. Exts. 5 and 5(a) are the letters written by Shri Ghosh as Chairman of the Staff Mess, and a copy of the second letter was forwarded to the Deputy Controller of Rationing. Ext. 5(b), dated 27th October 1965, is the ad hoc permit for rice and sugar granted to the staff mess by the Deputy Controller of Rationing Another letter, Ext. 5(c), dated 30th November 1965, was written on behalf of the staff mess to the S.D.O., Barrackpore, for granting a permanent ration card for the staff mess. The Deputy Controller of Rationing, by letter, dated 7th December 1965 (Ext. 5-d), informed the Chairman of the Staff Mess Managing Committee that the management of the Company was not informed about the petition made by the Staff Mess for ration card, and the Company was not agreeable to take responsibility of rationed articles if granted for the staff mess, and that the management was already running a canteen for the workers. The rationed articles granted in favour of the canteen had already been enhanced by incorporation of the quota earmarked for the Staff Mess. So in the opinion of the Deputy Controller of Rationing, no separate permit was necessary for the Staff Mess. The Chairman of the Staff Mess took up the matter by several lett (vide Exts. 5-e to 5-g), but without any effect. It is clear from all these documents that the Class III and the Class IV staff of the Structural Works were enjoying facility of a separate canteen or mess for which they had already been given a permit for rationed rice and sugar. It also appears that the Company is now drawing the said ration along with the ration for other canteens of the factory workers and the Class III staff are being deprived of the same. P.W.4 Shri Birendra Nath Mukherji, Labour Officer, says that there is one canteen in the Structural Works and it is a big hall, and there is one kitchen for the canteen having therein 6/7 ovens. He further says that all the workers including the hourly-rated workers and the clerical staff can take food in this canteen. If supervisors or other Class II staff want to use the canteen they can also use it. Tiffin time for the hourly-rated workers is from 11 a.m. to 11-30 a.m. and that of the clerks is from 1 p.m. to 1-30 p.m. as stated by O.P.W.4. So there will be no difficulty for the Class III staff and writers of the factory to take food in this canteen. O.P.W.4 has stated that there is accommodation for 500 persons in this canteen hall. In cross-examination this witness says that he had seen many members of the Class III staff taking food in this canteen of the Structural Works. There is no separate cook for Class III staff, and they take the same food which is meant for all the employees of the Structural Works. The total number of Class III staff in the entire factory is about 400, as said by P.W.7 Shri Ghosh. I find that the Class III staff and the writers were getting the advantage of cheap food on having a permit for rationed articles. They should not be deprived of this facility when the Company is drawing that quota of ration. The canteen hall in the Structural Works being a big one, and the tiffin time of the clerical staff being different, there would be no difficulty if the Class III staff are allowed to take food in this canteen hall. The Company should make arrangement for giving them rationed food commodities as they would be able to get the same from the Controller of Rationing for the Class III clerical staff and the writers of the Dum Dum Works. Facilities should also be given to them for preparing their food in the kitchen of this canteen in the Structural Works.

Regarding the head office, the Company pleads that there is no accommodation for opening a canteen there for the Class III staff who are now being supplied with tea twice daily from the Tea Canteen (vide O.P.W.4). P.W 8 Shri Tarak Bose has said in cross-examination that there is accommodation on the roof of the second floor for making a canteen there for the Class III and Class IV staff of the head office. Though O.P.W.3 Shri Debnath Gupta wanted to say in his evidence that there is no available space on the roof or anywhere in the head office for a canteen, in cross-examination he could not say how much uncovered space exists on the roof. This witness admits that previously there was only one tiffin room for Class I and Class II staff of the head office, but recently a separate tiffin room for Class II staff has been made. If the management has been able to provide the Class II staff with a separate tiffin room, I think the management should extend this facility to the Class III clerical staff and writers of the head office also. Some accommodation should be arranged for them, and the Company should also arrange to supply rationed articles for food as far as possible to them so that they can prepare food at their own cost at cheap rate. If necessary, the Company may go back to the previous arrangement of one tiffin room for the Class I and the Class II staff, if really there is dearth of accommodation, and the separate accommodation now provided for the Class II staff may be alloted to the Class III staff.

Issue No. 5

This issue relates to the question of revision of medical facilities for the Class III and Class IV staff of the head office. We got from the evidence that there is at present one doctor for the head office staff and medicines are supplied by the doctor from the dispensary of the Company. The grievance of the Union is that only stock mixtures are kept in this dispensary. But from the evidence of the Chief Medical Officer of the Company Dr. Sisir Kumar Roy (O.P.W.2), it appears that stock mixtures are kept for expeditious dispensing. Other medicines are also given according to the requirement of patients. The Company has produced prescriptions of medicines, Exts. J and J-1, collectively, Patients Registers, Ext. K and K-1, Indent for Mixture, Ext. L and L-1 and Medicine Ledgers, Ext. M and M-1, to show the nature of treatment by the doctor of the Company in the dispensary. O.P.W.2 asserts that the Company maintains 2 beds in Mayo Hospital, 2 in the Chittaranjan Hospital (National Medical College) and one in the Jadavpur T.B. Hospital for the staff. A large number of correspondence, Ext. N series, has been filed to show admission of the members of the staff in those beds. The C. M. O. also says that besides stock mixtures, the doctor gives vitamin tablets, anti-alargic drugs and other medicines according to requirement. He says that hospital arrangement is meant for all the employees of the Company. It appears that the doctor attending the head office is a part-time doctor. An employee falling sick in the absence of the doctor would not be able to receive medical aid. As a matter of fact one employee of the Head Office died of Coronary Thrombosis in the office, and he could not be given medical aid as said by the C.M.O. in cross-examination. He says that probably the doctor in the head office was not present then. I find that the Company should provide a full-time doctor in the head office. If that is not possible, there should be two part-time doctors covering the total period of working hours in the office. The other facilities as are being given by the Company should continue.

This is my award. It will take effect from the date of publication in the "Calcutta Gazette".

PUBLIC SERVICE COMMISSION, WEST BENGAL

General information relating to age concession, fixation of initial pay, etc., in respect of posts advertised by the Commission and instructions to candidates applying in response thereto.

General concession in age

(1) (a) **For political sufferers:** A candidate who before 15th August 1947 was detained, imprisoned, interned or externed on account of his/her activities in connection with the country's struggle for independence, not being convicted of an offence indicating moral turpitude, shall be entitled to a concession in respect of the upper age limit. The concession granted will be equal to the exact period of detention, imprisonment, internment or externment suffered up to a maximum of four years.

(b) **For Scheduled Caste/Tribe candidates:** The upper age limit is relaxable by five years for candidates belonging to Scheduled Castes/Scheduled Tribes.

(c) **For Displaced Persons:** The upper age limit is relaxable up to 45 years for displaced persons who have migrated to India from East Pakistan on or after January 1, 1964. This concession in age shall remain in force up to December 31, 1967.

The bona fide of the displaced persons will have to be certified by the Camp Commandant of the Transit Centre of the Dandakaranya Project or the Camp Commandant of the Relief Camp in various States or the District Magistrate of the area where the candidate may for the time being be resident.

Fixation of Pay

(2) (a) **For persons already in permanent Government service:** If a permanent Government servant is permitted to apply and is selected for a post in open competition with outsiders, the initial pay will be fixed under rule 42 or 55 of the West Bengal Service Rules, Part I, as the case may be. If, however, such a recruit is prepared to resign his appointment under Government, before applying, he will be eligible to the grant of higher initial pay on the same basis as an outsider.

(b) **For a temporary Government servant having no lien on any post under the West Bengal Government when appointed to a post carrying higher scale of pay:** Such an officer shall be eligible to draw as initial pay at the stage of the time-scale in the higher post which is equal to his pay in the lower post, or if there is no such stage, the stage next below that pay plus personal pay equal to the difference, to be absorbed in future increments in the higher scale provided that he has already rendered at least three years' continuous and satisfactory service in the lower post. The aforesaid benefit of fixation of pay will not, however, be available in the following cases:

(i) when the Commission has made a specific recommendation regarding the pay to be allowed to the Officer;

(ii) when under any specific rule such an officer is allowed a higher initial pay.

(c) **For Outsiders:** Unless otherwise specified in a particular advertisement, higher initial pay on the basis of age, qualifications and experience (including experience outside Government service) may be allowed to a person not already in Government service, if the relevant advertisement contains a provision to that effect.

Instructions regarding submission of application

(3) Applications are to be made on the prescribed form which will be available from the office of the Public Service Commission, West Bengal, Anderson House (ground floor), Alipore, Calcutta-27, personally or on sending a large self-addressed envelope with stamps sufficient to cover the postage affixed to it. Candidates who are unable to obtain copies of the prescribed form may apply on any similar typed (not handwritten) form showing exactly the wording and spacing of the sample form published in the "Calcutta Gazette" of the 1st September 1955, provided the blanks are filled up in the candidates' own handwriting.

Particulars and certificates required

(4) Candidates should furnish evidence of their age, qualifications and previous experience together with certificates written not more than one year prior to the date of their applications, from responsible persons, testifying to their private character.

The Commission accepts only the age of a candidate as recorded in the Marticulation or the Secondary School Final/Leaving Certificate. In the case of a female candidate whose age is not recorded in the Matriculation or School Final Certificate, any of the following evidence of age is accepted by the Commission:

(1) A certificate from the Headmistress of the School, which she last attended, showing her exact age as recorded in the school register.

(2) An affidavit regarding her age sworn by her father or mother or some other person in a position to know by having been present or heard of her birth at the time of occurrence.

(3) A certificate regarding her age, from a Member of the Legislature or a gazetted officer, who must have known the candidate and her family, indicating clearly the evidence on the basis of which he/she satisfied himself/herself on the point.

(5) Candidates must enclose with their applications a fee of Rs. 5 in the form of a receipted chalan from a Government Treasury or the Reserve Bank of India under the head "XXI—Miscellaneous—Receipts of the Public Service Commission, West Bengal". Money orders, cheques, etc., in lieu of treasury chalans are not accepted. Postal Order, however, may be accepted from candidates. They should be crossed and made payable to "The Deputy Secretary, Public Service Commission, West Bengal". No application will be considered unless accompanied with the requisite application fee, except as provided below.

Candidates abroad may deposit their application fees with the High Commission of India or the Embassy, as the case may be, and obtain receipts for the same, which will have to be attached to their applications to be submitted to the Commission.

Candidates in Government service should make sure before depositing fee that their applications will be forwarded by their superior officers.

In no case will the fee paid with the application be refunded, except as provided below.

The Commission may remit application fee in respect of genuinely indigent displaced persons from East Pakistan who have migrated to India on or after January 1, 1964. This concession in fee shall remain in force up to December 31, 1967.

A candidate claiming such exemption must furnish besides evidence required under para.(1)(c) above, a certificate (in original) from a District Magistrate or a Gazetted Officer or a Member of Parliament or State Legislature to show that he is *not* in a position to pay the prescribed fee.

For a gazetted post, an indigent displaced person shall, in the first instance, pay the prescribed application fee, but if he/she is selected for and appears at the interview, the fee paid by him/her will be refunded afterwards. For a non-gazetted post, such candidates will not be required to pay the application fee.

Note: A member of the Scheduled Caste or Scheduled Tribe claiming age concession must furnish with his application a certificate in original from a Gazetted Officer or a Member of Parliament or State Legislature belonging to the Scheduled Caste or Scheduled Tribe, specifying the particular caste or tribe to which he claims to belong.

Address

(6) Candidates should give their present address and should communicate at once any subsequent change of address.

Canvassing

(7) Any attempt on the part of candidates to enlist support of their applications through persons of influence or officials of Government will disqualify them for appointment. Spontaneous recommendations from person interested in the candidates or otherwise known to them will be disregarded.

Forwarding of applications and submission of advance copies

(8) Applications from candidates who are in permanent or temporary employment under any Government, a Local or Statutory Body (e.g., Damodar Valley Corporation), in India will be rejected unless they are submitted through the appointing authority of their posts or service.

Candidates serving under Government or a Local or Statutory Body should submit an advance copy in the prescribed form. The application fee should in such cases be attached to the advance copy and not to the original. The candidature of such applicants may not however be considered if the original applications do not reach the Commission's office within a fortnight from the closing date. Unless applications in original or advance copies with application fees are received within the closing date, late applications may be rejected.

STATEMENT OF OBJECTS AND REASONS.

The system of decimal coinage was introduced in the country on 1st April, 1957. But the rates of Court fees leviable in this State still remain in anna denomination. Anna coins having gone out of circulation, Court fee stamps are being sold after converting the values of the stamps into decimal coinage. Sometimes controversies and disputes arise regarding the rates of such conversion. Besides, it is desirable from the legal point of view that Court fees should be charged in accordance with the coinage system the country has adopted. It is, accordingly, proposed to amend the Court fees Act, 1870, providing the conversion of the Court fees in decimal coinage. The stamps of the denominations of annas -/4/-, -/8/- and -/12/- are proposed to be converted into decimal coinage according to the prevalent conversion rates and the stamps of the denominations of annas -/2/-, -/6/-, -/10/- and -/14/- have been proposed to be converted into decimal coinage after rounding off their prevalent conversion rates to the next higher multiple of 5 P. This slight increase will raise the revenue of the State to some extent.

The Bill seeks to enact the aforesaid amendment.

GOVERNMENT OF WEST BENGAL

LEGISLATIVE DEPARTMENT

NOTIFICATION

No. 1921L. — 16th June, 1967. — The Governor having been pleased to order, under rule 66 of the Rules of Procedure and Conduct of Business in the West Bengal Legislative Assembly, the publication of the following Bill, together with the Statement of Objects and Reasons and the Financial Memorandum which accompany it, in the *Calcutta Gazette*, the Bill, the Statement of Objects and Reasons and the Financial Memorandum are accordingly hereby published for general information:—

THE CALCUTTA UNIVERSITY (AMENDMENT) BILL, 1967.

A BILL

to amend the Calcutta University Act, 1966.

WHEREAS it is expedient to amend the Calcutta University Act, 1966, for the purpose and in the manner hereinafter appearing; West Ben. Act II of 1966.

It is hereby enacted in the Eighteenth Year of the Republic of India, by the Legislature of West Bengal, as follows:—

Short title. 1. This Act may be called the Calcutta University (Amendment) Act, 1967.

Amendment of section 58 of West Ben. Act II of 1966. 2. In sub-section (*3*) of section 58 of the Calcutta University Act, 1966 (hereinafter referred to as the said Act), for the words "not exceeding one year", the words "not exceeding eighteen months" shall be substituted.

Repeal and savings. 3. (*1*) The Calcutta University (Amendment) Ordinance, 1967 is hereby repealed. West Ben. Ord. I of 1967.

(*2*) Anything done or any action taken under the said Act as amended by the Calcutta University (Amendment) Ordinance, 1967, shall be deemed to have been validly done or taken under the said Act as amended by this Act as if this Act had commenced on the 18th day of April, 1967.

STATEMENT OF OBJECTS AND REASONS.

The transitory provisions in section 58 of the Calcutta University Act, 1966 (West Bengal Act II of 1966), along with sections 2, 3(*1*), 6(*1*) and (*2*), 7(*1*) and (*2*) and 59 thereof, came into force on the 21st February, 1966.

Section 58(*3*) of the Act provides for the constitution of the Senate, the Syndicate, the Academic Council and the other authorities of the University within six months from the date of appointment of the first Vice-Chancellor or within such longer period, not exceeding one year from the date of his appointment as the State Government may, by notification, direct in accordance with the provisions of the first Statutes, the first Ordinances and the first Regulations framed under section 58(*2*).

It has not, however, been possible owing to unavoidable reasons to finalise the drafts of the first Statutes, the first Ordinances, and the first Regulations prepared under section 58(*2*).

The first Vice-Chancellor having assumed charge of his office on the 23rd April, 1966, the time-limit for constituting the new authorities, under section 58(*3*) was due to expire on the 22nd April, 1967. As the State Legislature was not in session at that time, section 58(*3*) of the Calcutta University Act, 1966, was amended empowering the State Government to extend the time-limit for constituting the new authorities by a further period of six months by the Calcutta University (Amendment) Ordinance, 1967 (West Bengal Ordinance No. I of 1967) promulgated on the 18th April, 1967 by the Governor under article 213 of the Constitution of India.

The present Bill seeks to replace the said Ordinance.

Dishergarh, district Burdwan and their workmen represented by Dishergarh Power Workers' Union, P. O. Dishergarh, district Burdwan, was referred to this Tribunal for adjudication on the following:—

Issues

(1) Bonus for 1964-65; (2) Retiring Age; (3) Retiring gratuity; (4) Medical facilities; (5) Increase in quantum of coal supply for domestic fuel consumption; (6) Whether the workmen employed at the Testing and Garage Section at Dishergarh would be entitled to the same terms and conditions of service as are applicable to other employees of Dishergarh Power Supply Co., Ltd., (7) Improvement in existing leave facilities; (8) Accommodation facilities/Quarter allowance.

During the pendency of the aforesaid reference case, Shri H. N. Banerji filed the instant application under section 33A of the Industrial Disputes Act, 1947, hereinafter referred to in this award as the company complaining certain violation of section 33 of the Act by Messrs. Dishergarh Power Supply Co., Ltd., and prayed for several reliefs, including relief by way of reinstatement.

It is not disputed that during the pendency of the aforesaid reference case, Shri Banerji was dismissed from service while working as an Overseer in Dishergarh Power Station. In his application under section 33A Shri Banerji has complained that in connection with his dismissal the company has violated section 33 of the Act inasmuch as it had not got his dismissal approved by the Tribunal and also had not paid him one month's wages in accordance with the provisions of section and prayed for reinstatement with all back wages and other allowances since the date of his dismissal.

In response to notice of the case issued from the Tribunal company appeared and filed its written statement.

In the written statement, filed, the company has opposed Shri Banerji's prayer for reinstatement/any other relief not only on merits but also on the preliminary point that as Shri Banerji was not a worker concerned in the dispute under reference, his application under section 33A is misconceived in law. As this preliminary objection strikes the root of this the case under section 33A, it was taken up first for consideration.

It was submitted on behalf of the company that as Shri Banerji was all along staff of the Central Office of both Dishergarh Power Supply Co. Ltd. and Associated Power Co., Ltd., at Sanctoria and the service conditions of the Central Office employees are entirely different from those of the employees of Dishergarh Power Supply Co., Ltd., he is not a worker concerned in the dispute under reference. In support of this submission company relied on the documents marked Exts. A, A/1, B and C as also on the evidence of Shri Banerji and its witness examined before the Tribunal in connection with the hearing of the preliminary objection. It will appear from these documents as also from the oral evidence on record that Shri Banerji was first appointed in the Central Office and was therefrom transferred to the Dishergarh Power Station as from 1st February 1961 until further orders, by letter, dated 6th February 1961, marked Ext. A. It will further appear from these evidence that even after the transfer Shri Banerji was not only drawing his pay from the Central Office but was also since 1964-65 entitled to a higher bonus compared to workers of Dishergarh Power Supply and that this higher bonus was allowed to him as a member of the Central Office staff. In course of his evidence before this Tribunal D.W.1 Shri Bankim Behari Ghosh, Superintendent Engineer Generation Section, said that—

> "The Central Office looks after both technical and administrative matters of Dishergarh Power Supply Co. and Associated Power and that the Central Office employs its own employees whose condition of service is different from that of Dishergarh Power Supply Staff."

He also said that the scales of pay, D.A. and rates of bonus are different in Central Office and Dishergarh Power Supply. Some corroboration to Shri Ghosh's evidence that the condition of service of the Central Office Staff are different from those of Dishergarh Power Supply Staff, we got from the evidence of Shri Banerji, wherein he has said that for 1964-65 the Central Power Supply Staff had got bonus at 15 per cent. but Dishergarh Power Supply Staff, only at 12½ per cent. He also stated that for that year he himself also had got bonus at 12½ per cent. Obviously this statement was made with the idea to prove that his service conditions were at part with those of the workers in Dishergarh Power Supply but this statement, I am constrained to observe, was not a correct statement. This would be evident not only from the company's own documents viz., vouchers marked Ext. C but also from Shri Banerji's own letter, dated 14th May 1966, to the Chief Engineer, Central Office, Sanctoria, marked Ext. A(1). Admittedly Shri Banerji had written this letter after he had been paid bonus for 1964-65 at the rate of 12½ per cent. and in this letter he has claimed bonus for the year at the rate at which it was paid to the Central Office Staff viz., at 15 per cent. As this letter not only indicates that Shri Banerji was dissatisfied with bonus to him at the rate at which it was paid to the staff of Dishergarh Power Supply but also supports the company's assertion that notwithstanding his transfer to Dishergarh Power Supply, his service conditions were different from those of the workers of Dishergarh Power Supply, extracts from the letter relevant for determination of the preliminary objection are quoted below :

> "Most respectfully I beg to appeal before your goodself that though I was considered as a Central Office Staff, I have received the Bonus for the year 1964-65 in D.P.S. rate i.e., at the rate of 12½ per cent. which is more inferior to the rate of Central Office.
>
> I am getting the dearness allowance, etc., as per Central Office rate i.e., 27½ per cent. So I think that my case has been overlooked.

> If I am considered as D. P. S. Staff, then all other facilities such as dearness allowance, etc., might be similar in line with the D.P.S. Staff.
>
> In the circumstances stated above I shall be very much grateful if you be kind enough to look into the matter and to review my case after sympathetic consideration."

On this letter of Shri Banerji his rate of bonus was actually reviewed and necessary order for giving him the bonus at Central Office rate was passed. On the basis of the order necessary voucher for payment of the bonus to Shri Banerji at the Central Office Staff rate was prepared and it is his evidence that the said voucher had been sent to Shri Banerji but by that time he had already left (Vide the evidence of D.W.1). On the evidence of D.W.1, it can, therefore, be concluded that even though sanctioned bonus for 1964-65, at the Central Office Staff rate, Shri Banerji has not been actually paid bonus at this rate. Notwithstanding nonpayment of bonus at this rate, it must be held on his evidence as also an the documents already referred to that even after his transfer to Dishergarh Power Supply, service condition of Shri Banerji were similar to those of Central Office Staff and were never idential with those of Dishergarh Power Supply Staff. In this view of the matter though posted in Dishergarh Power Supply at the time of dismissal, Shri Banerji cannot be considered to be a worker concerned in the industral dispute under reference. Undisputedly the industrial dispute under reference has been raised by the Dishergarh Power Workers' Union for the betterment of service conditions of the workers of Dissergarh Power Supply Co., Ltd., as also of the Testing and Garage Section of Dishergarh, and not of the workers of Central Office and even if an award answering all the issues under reference in favour of the union be passed in the case, the same will not certainly be binding on the Central Office as it is not even a party to the reference, and the workers of the office cannot be represented by Dishergarh Power Workers' Union. In his evidence before this Tribunal Shri Banerji himself has admitted that the workers of the Central Office are not members of Messrs. Dishergarh Power Supply Co., Ltd., and hence I say that award if any passed in this case in favour of the Union will not ensure to the benefit of the workers of Central Office. When, therefore, any change in the service conditions of the workers of Dishergarh Power Supply as a result of an award, if any, passed in favour of the union in the reference case, will not result in any change in the service conditions of Central Office Staff and it is proved that though employed in Dishergarh Power Suply at the time of his dismissal, service conditions of Shri Banerji were similar to those of Central Office Staff, he cannot be, in my opinion, be a worker concerned in the industrial dispute under reference. Notwithstanding his transfer to Dishergarh Power Supply Shri Banerji was all along being treated as a Central Office Staff and such a staff cannot be a worker concerned in the dispute. Incidentally I may point out here that even if issue No. 6 of the reference case be answered in favour of the union, it is doubtful whether the workmen of Testing and Garage Section mentioned in this issue will get any real benefit as D.W.1 Shri Bankim Behari Ghosh's statement that the Testing and Garage Section at Dishergarh is Central Office Power Station, has not been challenged in cross-examination and the Central Office is not a party to the reference. Be that as it may, for reasons already discussed, Shri Banerj cannot be held to be a workman concerned in the dispute under reference. He was appointed by the Central Office but was subsequently transferred to Dishergarh Power Supply on the same service conditions as before. Bonus, D.A. and wages are different in the Central Office and Dishergarh Power Supply and though employed in Dishergarh Power Suplpy Shri Banerji was drawing his pay from the Central Office. All these facts and circumstances tend to indicate that notwithstanding his transfer to Dishergarh Power Supply Shri Banerji was till the time of his dismissal a worker of the Central Office not a party to the dispute under reference. The reference is over an industrial dispute between Dishergarh Power Supply and their workmen represented by Dishergarh Power Supply Workers' Union, but though a member of the union, Shri Banerji cannot be a workman concerned in the dispute. For his dismissal, Company was, therefore, under no obligation to take action under section 33(2)(b) of the Act. Shri Banerji's application under section 33A accordingly fails on the preliminary objection that the application is not maintainable in law, and is dismissed by me as such.

This is my award.

ANNEXURE

In the matter of an industrial dispute between Messrs. Neera Restaurant, 15/2 Chowringhee Road, Calcutta-13 and their workmen represented by Calcutta City Eating & Refreshment Establishments Workers' Union, 249 Bepin Behari Ganguly Street, Calcutta-12. (Case No. VIII-223/66.)

AWARD

The Government of West Bengal, Labour Department, by order No. 2446-I.R./IR/11L-237/66, dated 17th June 1966, has referred to this Tribunal for adjudication the industrial dispute between Messrs. Neera Restaurant and their workmen under section 10 of the Industrial Disputes Act, 1947.

The issue as framed is as follows :—

Issue

Is the dismissal of the following workmen justified ? To what relief if any, are they entitled ?

(a) Major Ali,
(b) Md. Kalim.
(c) Sayed Jabbaruddin,
(d) Kabul Khan,
(e) Sk. Mobaraque,
(f) Hybet Khan.
(g) T. S. Narayan.

After the service of usual notices, both parties appeared and filed written statement. It has been alleged on behalf of the Company that at about 12 noon on 15th January 1965, seven Masalchis of the Restaurant gave out that they have decided not to work any more in the Neera Restaurant, and they demanded their wages up to 14th January 1965. No notice was given to the Company earlier. Ultimately, the 7 masalchis were paid off all their dues. The management never dismissed or discharges the said masalchis though they alleged that they had been wrongfully dismissed by the firm. T. S. Narayan was not dismissed as a measure of punishment. His services were terminated as per terms of contract of his service. Hence, there was no wrongful dismissal of anybody.

It has been alleged by the union that the seven masalchis were dismissed from service on 15th January 1965 when they represented to the management certain grievances of all the workmen. The management was displeased with these workers, and suddenly terminated their services without any notice. Their appeal for reinstatement was refused by the management. Conciliation failed because of the unreasonable attitude of the management. The termination of their service is nothing but wrongful dismissal.

On 27th May 1967, both parties filed a joint petition of compromise praying for making the award in terms of the settlement. It appears to me that the terms of settlement are bonafide, legal and proper, and should be given effect to. I pass a 'no-dispute' award accordingly, making the petition of settlement as annexure to this award. This is my award.

Whether retirement of Shri A.K.Ghosh, Chief Clerk and Cashier and subsequently designated as Chief Cashier from 1st August 1966 is justified? To what relief, if any, is he entitled?

In response to the notices served by the Tribunal both the parties appeared and filed their respective written statements. Thereafter the Union made an application praying for interim relief. On hearing both parties an interim award was passed by the Tribunal on 29th March 1967.

Then as the Company had raised preliminary points of objection, the case was fixed on 8th May 1967 for hearing on those points. Thereafter on the prayer of the parties the case was adjourned to 21st June, 1967.

Meanwhile on 24th May 1967 the workman concerned Shri A.K.Ghosh appeared personally before the Tribunal and filed a petition praying for a 'no dispute' award by the Tribunal on the ground that the dispute had been settled amicably. He was examined by the Tribunal, and he states that he has settled the disputes which he had raised over his retirement, and for which the present reference was made. He filed the petition containing the terms of settlement and prayed that a 'no dispute' award may be passed in the matter.

It appears that there is no longer any industrial dispute between the parties relating to the issue under reference.

The case is, accordingly, disposed of by this 'no dispute' award.

Dictated and corrected by me.

Judge.

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present :

Shri S.K. BHATTACHARYYA, Judge,
Second Industrial Tribunal.

By order No. 3485-I.R./IR/11L-257(A)/63, dated Calcutta, the 14th August 1965, Government of West Bengal, in the Labour Department referred an industrial dispute between Messrs. Ramdutt Ramkissendas and their allied concerns mentioned above and their workmen represented by the Ramdutt Ramkissendas Concerns Employees' Union to this Tribunal for adjudication on the following issues :

Issues

1. Dearness Allowance.
2. Overtime Wages.
3. Tiffin Allowance.
4. Gratuity for the sub-staff in the Head Office of Messrs. Hukumchand Jute Mills.

After service of notice both parties entered appearance and filed separate written statement. The Union filed one written statement whereas separate written statements were filed by Ramdutt Ramkissendass and 11 allied concerns.

The Union in their written statement inter-alia contended that the companies were virtually family concerns of late Ramdutt Goenka and Ramkissendass Goenka, who for reasons of their own had the concern designated as 'Limited Companies' and the relationship of the directors of different companies were shown in two annexures filed with the written statement. Head Offices of the first eight companies were located at premises No. 9, Brabourne Road, Calcutta-1, and the offices were accommodated in the same floor without any demarcation whatsoever, and the same man work for different companies as and when required by the management, which for all practical purposes was common and was looked after by Shri K.P. Goenka. The share-holders of these companies are mostly members of the Goenka family tracing their descent from Ramdutt Goenka and for all practical purposes these are family concerns of late Ramdutt Goenka. There were no well defined rules of service and all the employees of the different companies in their head office numbering approximately 175 are being discriminated and the benefits of various awards of the Industrial Tribunal have not been extended to them. All the companies are in sound and stable position and the work men employed therein are entitled to higher wages, allowances and amenities and even the minimum wages are not given or extended to these employees. Similar commercial concerns in this region were paying their clerical and subordinate staff a much higher rate of dearness allowance, tiffin allowance, overtime wages and retiring benefits also compared unfavourably with those of similar comparable concerns. Moreover the employers practised discrimination by paying higher wages and emoluments to the employees belonging to their own community for which their action was adversely commented upon in the award of another Industrial Tribunal. The rise in the cost of living index called for higher dearness allowance and no attempt was made to nutralise the rise in the cost of living and the existing dearness allowance rates were extremely inadequate and unscientific. The drivers have no fixed working hours and were required to work at all hours. There was no free tiffin or tiffin allowance for the staff of the different companies and only the sub-staff of Hukum Chand Jute Mills receive an appology for a tiffin. There is no system of gratuity-cum-provident fund in any of the companies excepting for the sub-staff of Messrs. Hukum Chand Jute Mills, where there is a provision for gratuity for the uncovered period, which covers the case of a few of the employees.

Ramdutt Ramkissendas Concerns Employees' Union was formed in the year 1959 and since its formation, it had been making endeavour to settle the outstanding grievances of the workmen amicably but the employers paid little attention to their demands. The Union thereupon approached the Labour Director for intervention and conciliation proceeding was started and finally the matter was referred to a Tribunal in respect of the sub-staff of Messrs. Hukumchand Jute Mills on certain issues. Subsequently, there was another reference relating to 12 companies (excepting the sub-staff of Hukumchand Jute Mills) over certain issues and certain awards were passed in the year 1959 and 1961 respectively. The workmen however were not satisfied with the awards passed and after expiry of the period of the said awards, Union made a fresh charter of demands on 1st August 1962 which was finally referred to this Tribunal on the issue of dearness allowance, overtime wages, tiffin allowance and gratuity for sub-staff in the head office of Hukumchand Jute Mills.

The Union prayed for dearness allowance in accordance with the Bengal Chamber of Commerce scheme claiming nutralisation to the extent of 90 per cent. on the first hundred, 45 per cent. on the second hundred and 22½ on the third and successive hundred rupees. The Union further claimed tiffin allowance for the preservation of health and efficiency of the members of the staff on the basis of the allowances granted to different companies in this region. Moreover, overtime allowance was also claimed by the Union at 1.25 times of the total wages for all work done on Sundays and holidays and beyond the scheduled working hours for both clerical and subordinate staff. The tiffin allowance was claimed at the rate of Re. 1 per day for the clerical staff and subordinate staff and gratuity was claimed at the rate of one month's wages for each year of completed service in addition to provident fund.

Messrs. Ramdutt Ramkissendas in their written statement inter alia contended that it is a partnership firm and it acted as managing agent of Messrs. Hukum Chand Jute Mills Ltd. The firm also acted as Secretary and treasurer of Messrs. New India Investment Corporation Limited. The other companies mentioned in the order of reference were separate and independent companies managed by their respective Board of Directors. The firm inter-alia contended that the Union's demand including those referred to the Tribunal for adjudication were considered by the Labour Directorate as well as by the Labour Department of the Government who as late as 7th April 1964, was pleased to inform the Union that their demands did not merit consideration for reference to the Tribunal for adjudication. The matter was however re-opened by the Government in July 1964 when they proposed to refer four specific issues to this Tribunal for adjudication without disclosing any reasons, which prompted them to revise their earlier decision on the subject. The firm objected to such a course being adopted and inspite of their objection present reference has been made. It is submitted that the reference was bad in law and without jurisdiction.

With regard to the specific issues raised, the firm contended that the question of dearness allowance for the employees was adjudicated upon by the Second Industrial Tribunal of West Bengal in its award, dated 14th January 1961 and the firm has been paying dearness allowance to its employees in accordance with the direction of the aforesaid award and the same, it was submitted was adequate and reasonable. Since in the previous award the grades and scales of pay were also subject matter of reference, this Tribunal should not isolate the dearness allowance from the grades and scales of pay and make any award on this isolated issue. The reasons which prompted the earlier Tribunal to reject the Union's contention in granting higher dearness allowance still holds good and there is no reason for revising or increasing the rates of dearness allowance.

Regarding overtime wages the firm contended that the issue of overtime payment was adjudicated by the Second Industrial Tribunal in its award, dated 14th January 1961, and the firm has been paying overtime to its employees in accordance with the said direction of the award which, it was submitted was fair and adequate.

As for tiffin allowance the firm contends that a tiffin allowance cannot be the subject-matter of a term of employment so as to constitute an industrial dispute and the Tribunal would not be acting within its jurisdiction in granting such an allowance. The matter is discretionary with the employer and the Tribunal should therefore refused to give any direction in this regard.

The other allegations of the Union were denied by the firm in their written statement and it called upon the Union to strict proof of the said allegations.

The written statements filed by 7 other allied companies are more or less identical except that Messrs. Hukum Chand Jute Mills Ltd., objected to the issue regarding gratuity of the sub-staff in their head office (Issue No. 4). Messrs. Hukum Chand Jute Mills in their written statement on this issue contended inter-alia that the demand for retiring gratuity under the issue of retiring benefits for the subordinate staff at the head office of the Mill was referred to the First Industiral Tribunal for adjudication which passed its award on 6th November 1959 rejecting the said demand. The issue of retiring benefit was again referred to the Second Industrial Tribunal, West Bengal, which by its award, dated 14th January 1961, approved the scheme for gratuity for the uncovered period at the rate of 15 days' basic pay for each year of service subject to a maximum of 15 months' pay. Although Hukumchand Jute Mills Limited was a party to the said adjudication, the subordinate staff of the head office of the Mills did not get the benefit of the award as the order of reference did not specifically covered their cases. The company contends that the claim of the Union in this regard is untenable and the relief, if any, must be restricted and confined to the uncovered period at the rate sanctioned by the earlier Tribunal and the company was not in a position to undertake a long term financial burden as envisaged by the Union.

The contentions raised by other companies being identical, need not be recapitulated.

Appearances of the parties are as follows :—

For the Company : Shri J. K. Ghosh, Advocate of Messrs. Orr Dignam & Co., Solicitors, and Shri N. M. Dasgupta, Advocate.

For the Union : Shri D. L. Sengupta, Advocate.

Decision

As Issue No. 4 relates to gratuity for the sub-staff at the Head Office of only one of the companies, namely, Hukumchand Jute Mills Ltd., this issue is taken up first.

Issue No. 4

The retiring benefit for the Head Office employees of Messrs. Hukumchand Jute Mills was the subject matter of an earlier reference being reference No. 4344-I.R./I R /7L-45/57, dated 11th October 1958, to the First Industrial Tribunal presided over by Shri M. C. Banerjee. The Tribunal passed an award on 6th November 1959, published in the "Calcutta Gazette", dated 3rd December 1959. For the sake of brevity, this award will be referred to as Banerjee award. The Tribunal in rejecting the claim for retiring benefit observed "that if any gratuity scheme for the small number of subordinate staff of the head office is allowed by the Tribunal, there would be similar demand for introduction of gratuity system for the abnormally large number of workers in the Jute Mills of the company which would be beyond the capacity of the industry to pay and will create industrial dispute where there was none". The issue of retiring benefit to Ramdutt Ramkisson Das group of companies from the subject matter of another reference to the Second Industrial Tribunal in the year 1960. The Tribunal was presided over by Shri P. K. Sarkar, and passed an award on 14th January 1961, which was published in the "Calcutta Gazette" on 16th February 1961. In the said reference the clerical staff and drivers of the head office of Messrs. Hukumchand Jute Mills were parties to the dispute but not the other sub-staff. The Tribunal in answering the issue in the affirmative thought that some provision should be made for gratuity for the period of service uncovered by the Provident Fund, as many of the employees have been in service for a long time and will not receive full benefits of the provident fund. The Tribunal accordingly fixed the rate of gratuity at 15 days' basic pay for each year of service uncovered by the provident fund subject to a maximum of 15 months' pay and made it possible in case of death, retirement or termination of service by the employer except on ground of misconduct. The Union now contends that the gratuity should be awarded in addition to the provident fund at the rate of one month's wage for each year of service on resignation after 5 years, termination by the company irrespective of the period and on retirement or death or on ground of invalidity.

The Union examined some witnesses to prove that gratuity in addition to the provident fund was paid in some other mercantile establishment in the region. P.W. 4 Aloke Shome, who is a clerk of Messrs. Duncan Bros. & Co. Ltd., of which Shri K. P. Goenka of the partners of Ramdutt Ramkissendas, is the Managing Director. According to this witness members of the staff and the sub-staff are entitled to provident fund as well as gratuity. Similarly, P.W. 5 Anadi Ganguly, a clerk in the office of Karamchand Thapper & Bros. (P) Ltd, stated that they get both provident fund and gratuity as retiring benefits. Ahindra Kumar Mukherjee, General Secretary of the Union, who is a clerk of Messrs. Hukumchand Jute Mills claimed gratuity for the sub-staff for both covered and uncovered period and stated that the gratuity issue for every member of the staff is now in conciliation stage before the Labour Commissioner. Shri Sengupta, appearing on behalf of the Union contended that a minimum of one month's basic pay for each completed year of uncovered period and 15 days' basic pay for each year of covered period should be extended to all employees and the workers would be entitled to both the provident fund and gratuity even in case of resignation provided they have put in 5 years of service. To accept this contention, in my opinion, would create different conditions of service for the different categories of employees at the head office of Messrs. Hukumchand Jute Mills Ltd., I would not therefore for the present like to deviate from the retiring benefit scheme formulated by Shri Sarkar in his award, dated 14th January 1961 and the company was also agreeable to provide for the gratuity to be the other sub-staff at the head office of Hukumchand Jute Mills Ltd., in consonance with the earlier award of Shri Sarkar. I accordingly hold that the sub-staff of Messrs. Hukum chand Jute Mills at its head office will be entitled to gratuity which is fixed at 15 days' basic pay for each year of service uncovered by the provident fund, subject to a maximum of 15 months' pay which will be payable in case of death, retirement or termination of service by the employer except on ground of misconduct. I should like to add one more condition that the employees would be entitled to receive this benefit even on resignation provided they had put in 5 years' service with the company.

Issue No. 2

In the Banerjee award the matter was considered under the issue "condition of service" and the award prescribed that for work on Sundays and holidays the employees were to get 1½ times their wages on the basis of hours works. This award was passed at a time when there was no specific provision in the Shops and Establishments Act for payment of overtime wages to person working in Commercial establishments. In the Sarkar award the matter was directly in issue, being Issue No. 5. Shri Sarkar in passing the award observed that when any particular clerical or subordinate staff was required to work on any day beyond his working hours or on a Sunday or recognised holiday, he should be paid 1½ times his hourly basic pay subject to a minimum of 3 hours basic pay and maximum of 6 hours work. P. W. 7. Ahindra Kumar Mukherjee who is a clerk in Hukumchand Jute Mills Ltd., and the General Secretary of the Union stated in his evidence that they are paid overtime allowance for working beyond the working hours as per provision of the Sarkar award. The sub staff of Hukumchand Jute Mills other than the drivers however drew overtime wages at a somewhat different rate which was prescribed in the Banerjee award. In cross-examination the witness stated that they wanted overtime wages at this existing rate admissible to them over and above their existing duty hours. In the written statement (paragraph 2) the Union claimed overtime wages on retrospective basis but no such claim was made out in evidence. The company is agreeable to pay overtime in accordance with the provisions of the West Bengal Shops and Establishments Act, section 13 of the West Bengal Shops and Establishments Act provides that when any person employed in an establishment or in a shop is required or permitted to work overtime in such shops or establishments, the wages payable to such person in respect of such overtime work shall be calculated at the rate of 1½ times of the ordinary rate of wages payable to him.......................
Since this act now governs the Commercial establishments as well, and the overtime rates have been standardised in most of the concerns, the Union cannot expect to have more overtime wages than sanctioned by the West Bengal Shops and Establishments Act, 1963. I, therefore, hold that the employees would be entitled to get overtime for the excess hours of duty performed by them beyond their normal working hours as at present, at the rates admissible under section 13 of the West Bengal Shops and Establishments Act, 1963.

Issue No. 3

The Union in paragraph 18 of their written statement interalia stated that there was no free tiffin or tiffin allowance in the company for their head office staff and some sub staff of Messrs. Hukumchand Jute Mills Ltd., get free tea in an earthen pot every day from a road side tea stall which was an apology for a tiffin. In paragraph 43(3) the Union claimed tiffin allowance at the rate of Re. 1 per day for clerical and subordinate staff in view of the high cost and prayed for payment of the amount in cash for purchasing tiffin in accordance with the individual test and convenience of the workmen. The prayer was for retrospective grant of the allowance. In annexure J to the written statement, the Union filed a statement of tiffin allowance or the tiffin in some of the mercantile firm which, however, has not been contradicted.

The company in their written statement interalia contended that the issue of tiffin allowance cannot form a term of employment so as to constitute an industrial dispute, and the matter is discretionary of the management and the Tribunal should refrain from giving direction in this regard. The issue of tiffin allowance was referred to and both the Banerjee Sarkar Tribunal and the issues were Issue Nos. 8 and 7, respectively. Both the Tribunals were pleased to reject the claim and the matter was left to the discretion of the Company with this difference that in the Banerjee award the sub-staff of Hukumchand Jute Mills were allowed to have a cup of tea every day at lunch time free of cost. (P.W. 7) Ahindra Mukherjee in his evidence stated that except for four categories of sub-staff of Messrs. Hukumchand Jute Mills none of the other employees working in different companies at 9 Brabourne Road are in receipt of free tiffin or any tiffin allowance. The four categories of sub-staff of Hukumchand Jute Mills however, get free tea in an earthen pot on the basis of coupons issued to them. There was great resentment among the members of the sub-staff over this service and they even refused to take tea for a month Now these sub-staff of Messrs. Hukumchand Jute Mills number about 70 to 72, according to this witness, out of a total of 175 sub-staff and staff in all the offices, who are accommodated at 9 Brabourne Road. These facts were not controverted on behalf of the company and O.P.W. 2 S. K. Dey who is the Head Assistant of Messrs. Hukumchand Jute Mills did not even know the amenities extended to the clerks. sub-staff or workers in the factory.. P.W. 2 Amiya Chatterjee who is the General Secretary, Federation of Mercantile Employees' Union since 1962, stated that there are 110 mercantile Unions affiliated to their Federation and about 60 companies in the Dalhousie and Chowringhee area grant tiffin allowance to its employees. This tiffin allowance varies from 0·50 paise to Re. 1 per day. In some companies tiffin is supplied free whilst in some others, tiffin allowance is paid to the employees. It was contended on behalf of the company that the right to introduce any scheme is an exclusive management function and the Tribunal has no jurisdiction to introduce it. In support reference was placed upon the case of National Iron & Steel Company reported in 1962 (II) L.L.J. page 752 and it was further contended on behalf of the company that if the tiffin allowance was already in existence, the Tribunal could examine it and in a proper case extend it. In the Mcleod Company's case reported in 1964 (I) L.L.J. page 386, Supreme Court accepted these contentions in part but refused to interfere with the directions in the award passed by the Tribunal on the ground that the history of relation between the parties coupled with the prevailing practice in comparable concerns in the region made it an implied condition of service. In the instant case the sub-staff of Hukumchand Jute Mills were being given free tiffin at the cost of the employer ever since the Banerjee award but the arrangement to say the list has been found extremely unsatisfactory by the workmen so much so that they even refused to accept the offer for a considerable period. Having regard to the decision on the subject, introduction of a new tiffin allowance even though it is prevalent in a large number of comparable concerns in the region could not be undertaken by the Tribunal but where the amenity already existed, it must be considered as an implied condition of service and the Tribunal should and must see to it that this implied condition of service was properly carried out or executed. I therefore hold that the sub-staff of Hukumchand Jute Mills would in future be entitled to a tiffin allowance instead of free tea as is now given and having regard to the prevailing market prices and condition, the Tribunal directs that the company should pay them tiffin allowance at the rate of 37 paise per day which is probably the minimum tiffin allowance in this region. This issue is thus answered.

Issue No. 1

The question of dearness allowance was referred to the Banerjee and Sarkar Tribunal. In the Banerjee award the dearness al'owance for the sub-staff were maintained at the then existing rate whilst the pay scale for the staff were revised. In the Sarkar award where besides all the 8 companies who are now parties to the present disputes, some other companies managed by this group were also parties. The Sarkar award at pages 516 and 517 fixed the scale of dearness allowance for the subordinate staff at Rs. 40 and a Graduated scale for the clerical staff was introduced at the following rates :—

Rs. 50 for pay scales up to Rs. 100.

Rupees 55 for pay scale from Rs. 101 to Rs. 150.

Rupees 60 for pay scale from Rs. 151 to Rs.200.

Rupees 65 for pay scales from Rs. 201 to Rs. 250.

Rupees 70 for the pay scales from Rs.251 to Rs.300

Rupees 75 for pay scales above Rs. 300.

The above rates of dearness allowance was given effect to from 1st January 1961. The Union prayed for dearness allowance at the Bengal Chamber of Commerce rate with effect from the date when the previous award stood terminated in terms of the notice, dated 28th May 1962. The company in their written statement strenuously disputed these rates and submitted that the scale of dearness allowance fixed in the Sarkar award was adequate and reasonable and the company has been paying its employees at the above rates. The company further contended that in determining the rates of dearness allowance Sarkar award negatived the Union's claim of introduction of dearness allowance in the line of B. C. C rates which still holds good on merits and refuted the main points canvassed by the Union in its written statement. Moreover, it would not be proper to go into the question of dearness allowance without going into the question of grades and scales of pay which was a composite issue before both the earlier Tribunals.

The Union examined 7 witnesses of whom P.W. 1 A. Raha was an Investigator in the Labour Directorate, Government of West Bengal and came to prove the working class cost of living index figures together with the consumer price index figure for the working class in Calcutta tabulated up to 1966. P.W. 2 Amiya Chatterjee General Secretary of Federation of Mercantile Employees' Union of which the present Union is a constituent unit. The witness is an employee of Messrs. Martin Burn Ltd., where dearness allowance at the B.C.C. rate was given to the employees. The witness however admitted that Messrs. Martin Burn Ltd., was a very prosperous concern. P.W. 3 Rabindra Nath Bandyopadhya, who is a typist in National Rolling and Steel Ropes Ltd., came to prove the rates of dearness allowance paid to the employees of his concern. According to this witness the rates of dearness allowance was Rs. 202.45 on the first hundred rupees of basic pay; 50 per cent. of that on the second hundred and 25 per cent. on the third and subsequent hundred rupees. The dearness allowance was being paid on the basis of an agreement between the employees and the employers. Balance Sheets of the Company was not however produced. P.W. 4 Aloke Kumar Shome is a clerk in Messrs. Duncan Bros and Co. Ltd., for the last 6 years and also Assistant Treasurer of the Employees' Union. Shri K. P. Goenka who was formerly one of the partners of Ramdutt Ramkissendas is the Managing Director of Messrs. Duncan Bros and Co. Ltd., and the employees got dearness allowance at the B. C. C. Rate ; balance sheet however was not produced. P.W.5 Anadi Ganguly, who is a clerk of Messrs. Karamchand Thapper and Bros. (P) Ltd., and the Secretary of the Employees' Association proved that the dearness allowance was paid to the employees at the rate of 140 per cent. on the first hundred rupees of basic pay, 70 per cent. on the second hundred and 35 per cent. on the third and successive hundred rupees of basic pay. There was a demand for higher dearness allowance at the B.C.C. rate for the staff and the matter was finally agreed to be referred to a Tribunal for adjudication. In the mean time the company also agreed to pay revised dearness allowance at a flat rate. The witness however admitted in cross-examination that although they claimed dearness allowance at the B.C.C. rates they have not so far succeeded in getting it inspite of the dispute being referred to the Tribunal on previous occasions. P.W. 6 Ashru Bindu Roy, who is an Assistant in the Purchase Section of Messrs. Sahu Jain Ltd., and General Secretary of the Employees' Union stated that their dearness allowance was regulated on the basis of an agreement between the employer and the employees and the rates for the clerical staff was 140 per cent. on the first hundred rupees of basic pay, 70 per cent. on the second hundred rupees and 35 per cent. on the third and successive hundred rupees, of basic pay. The balance sheet however was not produced. P.W. 7 Ahindra Kumar Mukherjee, who is the General Secretary of Ramdutt Ramkissendas Concerns Employees' Union and an employee of Messrs. Hukumchand Jute Mills in his evidence stated that since July 1966 they are getting an increase of 25 per cent. on the rates of existing dearness allowance which however was not linked with the cost of living index. The minimum basic pay for a clerk was Rs. 70 in all the eight companies and he used to get Rs. 50 as dearness allowance up to June 1966. Since then there has been an increase of 25 per cent. with the result that his dearness allowance now stands at Rs. 62.50 per month.

The company did not produce any evidence on this point and their witnesses merely came to prove that the concerns were all separate legal entities and their employees are also separate and had nothing in common. The resources of these companies in the opinion of the Company's Advocate cannot be pulled together in the absence of functional integrity and as the companies had separate balance sheets, made separate payments to their staff, had separate attendance registers and made proportionate payments of rent, electric and telephone charges and as the Directors are not identical, there are no materials to conclude that there was functional integrity in so far as these eight companies are concerned. It is true that they are separate legal entities but without doubt they are being controlled by the members of Goenka family who trace their descent from Ram Dutt Goenka. No doubt there were some outsiders in the Board of Directors but it has not been shown what interest or to what extent they owned shares in those companies. To all intents and purposes it was the members of the Goenka family who controlled these concerns. There was also evidence to show that the employees of one concern often render service in another concern for which that company did not charge the other company. P.W. 7 Ahindra Kumar Mukherjee in his evidence stated that Tejen Guha and Narendra Kumar Ghosh who were employees of Ramdutt Ramkissendas, also served in the Central Cotton Mills and although no papers were produced, there can be little doubt that these persons worked in their office previously. The Company produced the salary register to disprove this assertion but it is difficult to accept the company's contention when we see that all the clerks perform their duties in the same floor without any proper or sufficient demarcation of place. It has nowhere been suggested and there is no evidence to substantiate it that the Goenka family whose genealogy is attached to the written statement of the Union do not have controlling interest in all these concerns. Having regard to all these circumstances there can be little doubt that there was some sort of functional integrity even though the companies had separate balance sheets, made separate payments to their staff, paid proportionate rent, electric and telephone charges to either Ramdutt Ramkissendas or to Hukumchand Jute Mills Ltd. The fact that the dispute with the employees of these companies along with four other companies were referred to Sarkar Tribunal for adjudication lends assurance to this view. It is interesting to note that the Sarkar Tribunal at page 514 of its award observed that it was clear from the evidence that some of the employees of a concern work in other concerns also and their work were not confined to the concern on whose pay register their names were borne. Shri Sarkar further observed in paragraph 3 of his award that there can be little doubt that these are all allied concerns of Messrs. Ramdutt Ramkissendas and the work of the employees is more or less regulated by the said firm. I accordingly hold that in their true relationship the units constituted one integral whole and as such cannot be treated as separate units for the purpose of the present reference. There is no reason to take a different view in the instant reference even though the attendance registers or some other documents are separately maintained now-a-days. I must therefore hold that the employees of all these concerns are entitled to get dearness allowance at the same rate and it would not be proper to treat them on a different footing when their services apparently appear to be inter-changeable and identical.

The present rate of dearness allowance for the employees is merely an upward revision of the dearness allowance fixed in the Sarkar Award by 25 per cent. It would appear that the Sarkar

Award was made effective from 1st January 1961 when the middle class cost of living index stood at 452 points. The same figure stood at 592 in November 1966, thus making a difference of 140 points. So in any view of the matter the workers would be entitled to a higher dearness allowance than they are at present drawing. On behalf of the companies Shri J. K. Ghosh sought to contend that before pay increased dearness allowance is awarded to the employees, it must be ensured that the company had capacity to pay and in doing so a reasonable return on the capital must be provided for. A statement of profit and loss tabulated from the balance sheets from 1961 to 1966 was produced and it appears that excepting in the case of New India Investment Company and Central Cotton Mills Ltd., all the other concerns made substantial profits and steady progress all through. These two concerns however showed considerable profits in the earlier years and a single or isolated year's loss cannot be taken to indicate financial incapacity of the concern. Messrs. Hukumchand Jute Mills, it would appear earned an average profits of 38½ lakhs of rupees as against a paid-up capital of 92 lakhs of rupees and a reserve of Rs. 64 lakhs. Similarly New India Investment earned an average of Rs. 2,12,000 and odd as against a paid-up capital of Rs. 23 lacs and a reserve of 16½ lacs. Messrs. Ramdutt Ramkissendas similarly earned an average of profit of Rs. 5,29,000 during six years against a paid-up capital of Rs. 43 lacs. The reserves of all these concerns including Kamala Mills and Central Cotton Mills compare favourably with the paid-up capital and the position of book view of assets was also very satisfactory except in the case of New India Investment Company and United Investment Company where no fixed assets were shown. These figures were progressively on the increase even in the cases of those companies who were showing losses. These figures speak for themselves and there is no scope for argument that the companies had no capacity to pay even the minimum dearness allowance based on the cost of living index figure. Moreover these matters ought to be taken into consideration in the matter of framing of wage scale but on the question of payment of dearness allowance the company cannot be heard to say that they are not in a position to pay their employees at a rate which does not compare favourably with the rates of most of the companies in the region. B.C.C. rates are undoubtedly the best in the region but not all the companies are paying their employees at the B.C.C. rates. The rates at which the employees of these eight companies are being paid dearness allowance compares unfavourably with all the other concerns in the region. From the settlement of Messrs. Duncan Brothers (Ext. 2b) and that of Sahu Jain (Ext. 2c) is appears that the rates are much higher and Duncan Bros. are paying their employees at the B.C.C. rate whereas Sahu Jain are paying at the rate of 140 per cent. on the first hundred rupees of basic pay and 70 per cent. on the second hundred rupees and 35 per cent. on the third and successive hundred rupees (vide P.W. 6). I have carefully considered all the circumstances of the case and having regard to the 140 points rise up to November 1966 in the middle class cost of living index since the award of Shri Sarkar, there can be little doubt that the dearness allowance of the employees of these concerns should be fixed on the basis of Re. 1 for every five points, i.e., there should be a minimum increase of Rs. 28 on the scale of dearness allowance fixed in the Sarkar Award. Since November 1966, there has been a further increase in the cost of living index and it is very difficult to see where the cost of living index is likely to find its stability. I would accordingly fix the dearness allowance for the clerical staff and subordinate staff at the following rates.

The employees of all the eight companies will get dearness allowance at the rate of 100 per cent. on the first hundred rupees of basic pay subject to a minimum of Rs. 80 in the case of clerical staff and Rs. 60 for the subordinate staff; 50 per cent. on the second hundred rupees of basic pay and 25 per cent. on the third and successive hundred rupees. The above rate of dearness allowance shall become effective from 1st July 1966, namely, the date on which the company increased the dearness allowance and the increase already effected will be adjusted in granting the increased dearness allowance.

It is to be pointed out here that dearness allowance now fixed differs considerably from that fixed in the Sarkar Award but this is mere in consonance with the prevailing rates of dearness allowance paid by other similar concerns in the Dalhousie area. As the pay of these employees has not been revised since 1961, the real wages have suffered a slump and in future revision of pay will certainly take into account the existing rates of dearness allowance fixed and a part of which may be absorbed in the scale of pay to be fixed hereafter in case the cost of living index do not show any sign of recession.

This award will cover the cases of first eight companies only, offices of which are located at 9 Brabourne Road, Calcutta-1, and no award is made in respect of the four other companies located in different premises as per the order passed by this Tribunal on 7th January 1966.

This is the award of the Tribunal.

A
BILL

to amend the Calcutta Tramways Act, 1880.

WHEREAS it is expedient to amend the Calcutta Tramways Act, 1880 for the purpose and in the manner hereinafter appearing; Ben. Act I of 1880.

It is hereby enacted in the Eighteenth Year of the Republic of India, by the Legislature of West Bengal, as follows:—

Short title. **1.** This Act may be called the Calcutta Tramways (Amendment) Act, 1967.

Amendment of section 9 of Ben. Act I of 1880. **2.** In section 9 of the Calcutta Tramways Act, 1880 (hereinafter referred to as the said Act), for the words "shall have power from time to time to fix", the words "shall have power, with the previous consent of the State Government, to fix or revise" shall be substituted and shall be deemed to have been substituted with effect from the 1st day of March, 1967.

Repeal and savings. **3.** (*1*) The Calcutta Tramways (Amendment) Ordinance, 1967 is hereby repealed. West Ben. Ord. II of 1967.

(*2*) Anything done or any action taken under the said Act as amended by the Calcutta Tramways (Amendment) Ordinance, 1967 shall be deemed to have been validly done or taken under the said Act as amended by this Act as if this Act had commenced on the 11th day of May, 1967.

STATEMENT OF OBJECTS AND REASONS.

Section 9 of Bengal Act I of 1880 empowers the Calcutta Tramways Co., Ltd. to fix the schedule of fares for the services provided by it. West Bengal Act XXV of 1951 provides that the Advisory Committee of the Company shall consider any matter affecting the fare schedule of the services carried on by the Company and that the recommendations of the Committee shall be communicated to the State Government. The inference from these provisions of the law is that the Company cannot fix any new fare schedule or revise an existing fare schedule without the approval of the State Government. However, for the removal of all doubts it is necessary that an express provision should be made in the law saying that the Company shall not fix or revise its fare schedule without the approval of the State Government. Such a provision is necessary because any revision of the fare schedule to the disadvantage of the public may cause widespread public disturbances and, therefore, the Company should be restrained from revising its fare schedule except with the approval of the State Government. The present Bill is being introduced in the Legislature with this end in view.

(*2*) Anything done or any action taken under the said Ordinance shall be deemed to have been validly done or taken under this Act as if this Act had commenced on the 9th day of June, 1967.

STATEMENT OF OBJECTS AND REASONS.

The Calcutta National Medical College together with the hospitals and dispensaries attached thereto were being run by the Calcutta National Medical Institute, a Society registered under the Societies Registration Act. This was the only remaining Medical College in West Bengal which was being run under private management with large financial assistance from the State Government.

On the recommendation of the Central Council of Health, the Ministry of Health, Government of India, appointed a Committee consisting of the Ministers-in-charge of the Health Department of several States, the President, Medical Council of India and the Director-General and Additional Director-General of Health Services, India, to go into the question of management of private Medical Colleges in the country. On the basis of recommendations of this Committee and of the Central Council of Health, the Government of India had, in February, 1965, requested the State Governments to initiate action for taking over the existing private Medical Colleges during the Fourth Five-Year Plan. This Government was considering the question of taking over of the Calcutta National Medical College during the Fourth Five-Year Plan in accordance with the above policy decision.

The students of the Calcutta National Medical College went on strike in the second week of May, 1967, for alleged non-fulfilment of their grievances by the authorities of the institution. They were later joined by the non-medical staff of the College and attached Hospital thus seriously affecting the teaching of the students numbering over a thousand as well as treatment of the patients in the attached hospital which is one of the largest general hospital in the city having 775 indoor beds. The authorities could not come to a settlement with the students and the employees and closed down the College. They informed the State Government that on account of the strike it would not be possible for them to keep the hospital open and they would close down the hospital also. This created a serious situation affecting the teaching of the medical students and also the treatment of the patients. Closure of the hospital would have resulted in loss of use of 775 beds curtailing the hospitalisation facilities in the city to a considerable extent.

In order to meet the situation and having regard to the interests of the large number of students undergoing training in the Calcutta National Medical College and also of the large number of patients receiving treatment in the attached hospital, dispensaries and clinics, it was decided to take over the control and management of the Calcutta National Medical College together with its attached hospital and dispensaries and to run it as a State institution with immediate effect. for a period of ten years, in consonance with the policy of taking over of private Medical Colleges initiated by the Central Council of Health and the Government of India. The Legislature not being in session at the time, the West Bengal Ordinance No. III of 1967 (The Calcutta National Medical College and Hospital Ordinance, 1967) was promulgated and the institution was taken over by Government with effect from 9th June, 1967, for a period of 10 years.

To follow up the Ordinance by an Act of the Legislature, the present Bill drafted on the same lines has been brought before the Legislature.

BILL

to amend the Motor Vehicles Act, 1939, in its application to West Bengal.

WHEREAS it is expedient to amend the Motor Vehicles Act, 1939, in its application to West Bengal, for the purpose and in the manner hereinafter appearing; **Act IV of 1939.**

It is hereby enacted in the Eighteenth Year of the Republic of India, by the Legislature of West Bengal, as follows:—

Short title. **1.** This Act may be called the Motor Vehicles (West Bengal Third Amendment) Act, 1967.

Application. **2.** The Motor Vehicles Act, 1939 (hereinafter referred to as the said Act), shall, in its application to West Bengal, be amended in the manner hereinafter provided.

Insertion of new section 68HH in Act IV of 1939. **3.** After section 68H of the said Act, the following section shall be inserted, namely:—

"**Power to grant temporary permits under section 62 not to be affected.** 68HH. Nothing in this Chapter shall affect the power of the Regional Transport Authority under section 62 to grant temporary permits in respect of any route or area for any of the purposes mentioned in that section, notwithstanding that such route or area includes a notified route or notified area or portion thereof covered by an approved scheme:

The Motor Vehicles (West Bengal Third Amendment) Bill, 1967.

(*Clause 4.*)

Provided that where the approved scheme entitles the State transport undertaking to run and operate in respect of the notified route or notified area a road transport service for the carriage of passengers to the complete exclusion of other persons, temporary stage carriage permits shall not be granted under section 62 to other persons except with the approval of the State Government and unless, in the opinion of the Regional Transport Authority, the State transport undertaking is unable or unwilling to provide in respect of the proposed route or area such road transport service as is considered necessary for the particular purpose.".

Repeal and savings.

4. (*1*) The Motor Vehicles (West Bengal Amendment) Ordinance, 1967 is hereby repealed. **West Ben. Ord. IV of 1967.**

(*2*) Anything done or any action taken under the said Act as amended by the Motor Vehicles (West Bengal Amendment) Ordinance, 1967, shall be deemed to have been validly done or taken under the said Act as amended by this Act as if this Act had commenced on the 9th day of June, 1967.

STATEMENT OF OBJECTS AND REASONS.

Chapter IVA of the Motor Vehicles Act, 1939 empowers a State Transport Undertaking to make schemes with the approval of the State Government for operating road transport services on certain routes or in certain areas notified in the schemes to the exclusion of all other persons. When any such scheme is made, neither the State Transport Authority nor any Regional Transport Authority will be able to grant permits to any person for operating any road transport service on any part of such notified routes or in any part of such notified areas. It may so happen that in the interest of the public, transport services on certain routes which overlap the whole or a part of any notified route or area becomes essential and sometimes the fulfilment of this new public demand cannot wait till the amendment of the schemes of the State Transport Undertaking concerned. For meeting such a situation there should be a provision in the law which will enable a Regional Transport Authority to issue temporary permits for routes overlapping notified routes or areas of any State Transport Undertaking. The present Bill seeks to make such a provision.

CALCUTTA,
The 20th June, 1967.

Member-in-charge.

DAMODAR VALLEY CORPORATION

NOTIFICATION

No. 68.—8th February 1967.—In exercise of the powers conferred by section 60 of the Damodar Valley Corporation Act, 1948 (14 of 1948), the Corporation hereby makes, with the previous sanction of the Central Government, the following amendments further to amend the Damodar Valley Corporation Service Regulations published under notification No. 5, dated 28th January 1957, of the Damodar Valley Corporation in the "Gazette of India", dated the 9th February 1957, namely:—

In the said Regulations, for regulation 81, the following regulations shall be substituted, namely:—

"**Regulation 81.—Leave Salary:** (1) An employee on earned leave shall be entitled to leave salary equal to the average monthly pay earned during the ten complete months immediately preceding the month in which the leave commences or the substantive pay to which the employee is entitled immediately before the commencement of the leave, whichever is higher:

Provided that where an employee proceeds on earned leave from a post the maximum of which does not exceed Rs. 110 per mensem, he shall be entitled to leave salary equal to the pay drawn immediately before proceeding on leave.

(2) An employee on half-pay leave or leave not due shall be entitled to leave salary equal to half the amount specified in sub-regulation (1), subject to a maximum of Rs. 750:

Provided that this limit shall not apply, if the leave is on medical certificate or for pursuing an approved course of study otherwise than on study leave terms.

(3) An employee on commuted leave shall be entitled to leave salary equal to the amount admissible under sub-regulation (1).

(4) An employee on extraordinary leave is not entitled to any leave salary.

Explanations.—(i) Unless otherwise provided, 'Substantive pay' means the pay of the permanent post which the employee holds substantively or on which he holds a lien or would hold a lien, had the lien not been suspended, and includes the special pay given in lieu of a higher scale of pay.

(ii) The pay of a permanent employee who has been continuously officiating in another post for more than 3 years at the time he proceeds on leave shall be treated as 'Substantive pay' for the purpose of leave salary. Leave salary in respect of such of the permanent employees as have been temporarily appointed in other posts and are yet to complete 3 years' service in those posts will, however, be calculated on the basis of preceding 10 months' average pay.

(iii) The pay of the temporary posts in respect of these employees who have rendered more than 3 years' service in those posts should be, reckoned as 'Substantive pay' for the purpose of leave salary. Leave salary in respect of such of the employees who have been temporarily appointed and are yet to complete 3 years' service is, however, to be calculated on the basis of preceding 10 months' average pay.

(iv) Similarly the pay of the temporary posts in respect of those employees who have been substantively appointed in a lower post should be regarded as 'Substantive pay' for the purpose of leave salary, provided, however, the tenure of the temporary employment in the higher post exceeds 3 years and is uninterrupted.".

This notification shall be deemed to have come into force with effect from the 9th March 1965.

By order,

N. K. PRASAD,

General Manager and Secretary.

Whether dismissal of Shri Basudev Banerjee is justified ? What relief, if any, is he entitled to ?

On receipt of the order of reference usual notices were served on the parties and they appeared and filed their written statements. BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present :

Shri L. C. BANERJEE, Judge,
Fifth Industrial Tribunal.

Present for the Company: Shri N. Das Gupta, Advocate, instructed by Shri N. K Das, Labour Adviser, Howrah Manufacturers Association.

Present for the Union : Shri D L Sen Gupta, Advocate.

This industrial dispute between Messrs. Vivekananda Engineering Works and their workmen represented by Vivekananda Engineering Works Mazdoor Union was referred to this Tribunal under section 10 of the Industrial Disputes Act, by the Government of West Bengal, Labour Department, order No. 4355-I.R./IR/10L-182/66, dated 15th November 1966, for adjudication on the following issue :

Issue

Whether the closure of the factory is real and bona fide? Whether the closure was due to reasons beyond the control of the management and in the circumstances, justified? What relief, if any, are the workmen entitled to?

On receipt of the reference notices were served by the Tribunal on both parties, and they appeared and filed their respective statement. The case was taken up for hearing on 7th March 1967, when the Union examined 4 witnesses and got several documents exhibited. On the prayer of the Union the case was adjourned to 13th April 1967, and on that date the Union examined another witness. The Company examined one witness on 2nd May 1967, and several documents were exhibited on the side of the Company. The case was argued at length by the Advocates on both sides on 6th May 1967.

The case of the Union, inter alia, is that Company is a highly prosperous concern and it employs about 106 workmen. The Company manufactures various machines like lathe, shaping machine, drilling capstan, etc. The Company was making huge profit, but it paid very low wages to the workers. The workmen formed a trade union of their own and it was registered on 27th April 1966. The formation of the Union was announced in a meeting of the workers at the gate of the factory held on 31st May 1966. Since then the Company became very much furious and took vindictive attitude towards the Union. It even refused to receive two registered letters of the Union, dated 6th June 1966 and 9th June 1966, on matters of the formation of the Union and the bonus demand. The Company had huge orders and the workers had to do overtime work. But the Company maliciously laid off 12 workmen from 22nd June 1966 to 8th July 1966 and again extended the period of lay off by notices till 31st July 1966, on the plea of accumulation of stock due to dearth of "orders". Then another batch of 14 workmen was laid off on the same plea from 1st July 1966 to 18th July 1966, and here also the period of lay off was extended till 31st July 1966. Again the Company laid off another group of 4 workmen from 18th July 1966 to 31st July 1966.

It is alleged that Shri Anadilal Sarkar, the proprietor of the Company has 14 *bighas* as of land at Makardah in Howrah, and that with a malafide motive he started construction of structures in a portion of the said land for the purpose of shifting the establishment to that address. The Company has also started manufacturing goods and selling of them from 12C Deshapran Sasmal Road, Howrah, by putting in a new signboard in the style of "Vivekananda Enterprise". The Company by a notice declared the factory closed from 1st August 1966, and retrenched all the workmen on the plea of shortage of work. The Union prays for reinstatement of all the workmen and payment of their back wages.

The Company in its written statement asserts that it is a small partnership firm having started in 1958. Since 1966 there has been a great set-back in the Company's "order" position, and it had to curtail its production gradually. It was then found that the Company was unable to provide work to all the workmen and in consequence thereof it had to lay off some workmen in order to run the establishment on economic basis, as far as practicable. Due to depression in business and consequent non-receipt of orders the Company had to extend the period of lay off from time to time, and take recourse to further lay off. Still there was no improvement in the business of the Company and it had to retrench some workmen. Ultimately the Company found it impossible to run the establishment any further, and the management had no other alternative but to close down the factory under section 25FFF offering due compensation to the workmen. A large number of workmen had collected their dues. The Company avers that the establishment had to be closed down completely from 1st August 1966. and this closure was real and bona fide, and the management was justified in its action in closing down the factory

The Company further pleads that one of the partners, namely, Shri Hiralal Sarkar has a plot of land at Makardah, and in a porton of that he started a business, and that had no connection with the Company's establishment. Similarly, it is further stated, the Vivekananda Enterprise is a separate distinct trading concern having existed from before the closure of the present Company, and it is in no way connected with the present Company.

The Company had four establishments and in the instant case we are concerned with three workshops, viz., at 3 Musalmanpara Lane, 33/34 Madhusudan Pal Chowdhury Lane and 39/2 Madhusudan Pal Choudhury Lane, as will appear from the order of reference. By the notice, dated 29th July 1967 (Ext.D), the Company closed these three establishments with effect from 1st August 1966. It appears that the Company by another notice of the same date, Ext. A, closed its workshop at 99 Deshapran Shasmal Road with effect from 1st August 1966. But in this reference there is no mention about that workshop. Before the closure of the Company it laid off several workmen for different periods, as will appear from the letters, Exts. 3 to 3(c). The first batch of 12 workers was laid off with effect from 22nd June 1966, and the period of lay off was extended till 31st July 1966. The second batch of 14 workers was laid off with effect from 1st July 1966 till 31st July 1966, and the last batch of 5 workmen was laid off from 18th July 1966 to 31st July 1966. The Company thereafter retrenched 28 workers with effect from 1st August 1966, by notice, dated 18th July 1966, Ext. 4. In all these notices of retrenchment and lay off the Company pleaded critical position due to loss of orders. The Union wants to say that as the workmen had formed a Union and sent a letter to the management on 6th June 1966 (Ext. 1) as an intimation of the same and also because they raised a dispute over bonus by the letter,dated 8th June 1966 (Ext. 2), that is why the company has closed the factory with a view to victimise the workers. But this contention does not appear to be reasonable. If the Company had been doing good business and earning profits, surely it would not have closed the factory simply to victimise the workmen, at the cost of loss to the management. The Company examined its Assistant Manager, O.P.W. 1, Shri Ashoke Kumar Chatterji, who asserts that as the order position became very bad, the Company had to close down the establishments.

The factory was closed under section 25FFF of the Industrial Disputes Act. Under this section, an undertaking may be closed for any reason whatsoever, but the section provides that every workman who has been in continuous service for not less than one year in that undertaking immediately before such closure, shall be entitled to notice and compensation in accordance with section 25F, as if the workman had been retrenched. The proviso to this section 25FFF lays down that when an undertaking is closed down on account of unavoidable circumstances beyond the control of the employer, the compensation to be paid to the workman shall not exceed his average pay for three months.

Thus, while by section 25F certain conditions precedent to the retrenchment of a workman are prescribed section 25FFF(1) merely imposes liability to give notice and to pay compensation on closure, and this payment is not a condition precedent to closure. The object of retrenchment compensation is to give partial protection to the retrenched employee to enable him to tide over the period of unemployment. The above principle of law has been enunciated by the Hon'ble Supreme Court, which has further held that if the true basis of the provision for compensation in retrenchment is the achievement of social justice, it is immaterial to consider the motives of the employer or to decide whether the closure is bona fide or otherwise [Hasting Manufacturing Co. 1960(II) L.L.J. p.1]. In the instant case before us the Company has offered full retrenchment compensation to all the workmen, and a large number of workmen accepted the same (vide Ext. H series). The learned Advocate for the Union argued that the workmen were forced to accept the compensation out of economic distress. But that makes little difference inasmuch as, under law the Company has the right to close an undertaking for reasons whatsoever on payment of compensation to the workmen, and in the instant case the Company has done that.

It has been laid down by the Hon'ble Supreme Court in the case of District Labour Association (1960-I-L.L.J. 302) that it cannot be laid down as an unqualified and categorical proposition of law that whenever a closure is malafide, it must be deemed to be unreal and non-existent. If it is found that the closure is not malafide, the consequence would be a liability to the employer to pay higher compensation under section 25FFF of the Industrial Disputes Act. The true test to ascertain the malafide nature of closure is to find out whether the same business is functioning all the time in a different garb. In that case the closure will be taken as a pretence. In the instant case, it is the allegation of the Union that the works of this Company are now being carried on at 99 Deshapran Shasmal Road and also at Makardah. It is alleged that the Company has removed its machineries to those places. P.W. 1 Shri Panchcowrie Dhar, Secretary of the Union, has made this allegation in his evidence. In cross-examination he admits that the Company is a partnership firm having three partners. In the instant case the Union has alleged specifically that the Cot any, on closing down the three establishments, is running the business in other places. Now we are to see how far the Union has been able to establish this case.

The Company has four establishments, viz., one at 3 Musalmanpara Lane, one at 34 Madhusudan Pal Choudhuri Lane, one at 39/2 Madhusudan Pal Choudhuri Lane, and the other at 99 Deshapran Shasmal Road. P.W. 1 Shri Dhar also admits that the distance of the workshop at Deshapran Shasmal Road is about one mile from the other workshops which lie close to each other. There is no independent evidence to prove that the Company is manufacturing machines, which it previously manufactured in the closed down establishments, at Deshapran Shasmal Road and at Makardah at present. P.W. 1 says that Makardah is about 5/6 miles away from Howrah. He does not know in whose name the land at Makardah stands. He says that so far as his information goes, the present Company has started its workshop at Makardah, and about 20/22 men work in this workshop. But none of those workmen has been examined. P.W. 2 Shri Ram Chandra Santra states that he went to the office of the Company at 12/C Deshapran Shasmal Road on getting the letter, Ext. 7(d) on 15/16th January 1967. Shri Anadi Sarkar was present there and he asked him to take the compensation money offered by the Company, and to destroy the Union. The witness says that he received the amount offered because of economic distress. In cross-examination he says that another workman Bisvanath Karmakar also went with him. But that workman has not been examined to prove his allegation. P.W. 3 Shri Ganesh Chandra Sadhukhan, who was a workman of this Company, says that one day he went to the workshop at Makardah in February 1967 and there he found Haru Show, Nitai Mal and others, who were old workers of the Company, working in that factory, and there were other new workmen also. But none of these persons has been produced to prove that the present Company, viz., the Vivekananda Engineering Works, is running this workshop at Makardah. P.W. 4 Shri Bisvaranjan Saha, another retrenched workman, says that being called by the Company he went to the office at 12/C Deshapran Shasmal Road, and at that time he found four workmen working at 99 Deshapran Shasmal Road which is opposite to 12/C Deshapran Shasmal Road. None of these four persons has been produced. This witness at first said that he got overtime about two or four months before the closure of the factory, but then he changed his version and said that it would be one or two months before the closure.

There is no independent witness to prove that the Company has been actually carrying on work at Deshapran Shasmal Road and at Makardah. The sale deed, Ext. I, has been produced by the Company to show that the Makardah land was purchased by Shri Hiralal Sarkar, one of the partners of the Company, in his personal capacity. O.P.W. 1 Shri Ashoke Chatterji, Assistant Manager of the Company, asserts that other partners have no interest in this land at Makardah which absolutely belongs to Shri Hiralal Sarkar. The Union has produced some documents from the West Bengal State Electricity Board, Ext. 8(a), dated 23rd February 1965, to show that this Company wanted to take electric connection in the land at Makardah. But it will appear from the endorsement on this application that this petition was cancelled on 12th July 1966, and from Ext. 8 we get that Hiralal Sarkar on 5th August 1966, applied for taking electric connection in his personal capacity in the said land at Makardah. The evidence of P.W. 1 is that at first the Company in 1965 applied for electricity in this land, but when it found that it was not even able to run the existing establishments it moved for cancellation of that application for electricity, and it was stated by the Company that if Shri Hiralal Sarkar wanted to take electric current, he might take it in his personal capacity. The appliation, Ext. 8, produced by the Union goes to support this case of the Company. There is thus no evidence to prove that the Vivekananda Engineering Works has been carrying on its business in the land at Makardah.

As regards Vivekananda Enterprise, O.P.W. 1 avers that it is a separate concern with two partners only, viz., Shri Anath Sarkar and Shri Hiralal Sarkar, and it is an agency business being carried on at 12/C Deshapran Shasmal Road. The Company has produced the trade license and health license, Exts. F and F-1, granted by the Howrah Municipality, and these documents go to show that the Vivekananda Enterprise is exercising the profession of general order suppliers and pipe fittings, etc., and the partners of the concern are Shri Hiralal Sarkar and Shri Anath Sarkar. The correspondence Ext. G (9 sheets) have been filed to show that this Vivekananda Enterprise is an agency business and dealer in Rockwell Machine Tools. Thus, the evidence adduced does not support the case of the Union that the Company has been carrying on manufacturing business in the premises of Vivekandanda Enterprise in an assumed name.

O.P.W. 1, the Assistant Manager of the Company, says that after the closure of the establishments of the Company the existing stocks of manufactured machines are being sold out and several bills, Ext. K (27 sheets) have been produced in support of this contention. It will appear from these documents that the machines manufactured by the Company have been sold out to parties after the closure of the Company, and Shri Hiralal Sarkar in his personal capacity has also purchased some lathe machines. The evidence is that Shri Hiralal Sarkar has installed the machines in the workshop started by him in his Makardahland. This has no concern with the original partnership firm, the Vivekananda Engineering Works.

It appears from the evidence adduced in this case that the closure of the factory is real and bona fide and it was due to reasons beyond the control of the management, and justified.

O.P.W. 1 says that about 40/45 workmen have already taken away the compensation offered by the Company, and Ext. H (138 sheets) have been produced in support of this statement. The Company has offered full compensation as enjoined under the Industrial Disputes Act to the workmen, and they are entitled to accept the same. They are entitled to no further relief. This is my award.

AWARD

The present proceedings arise out of a complaint filed by Shri N. K. Misra against Messrs. Karan Chand Thapar and Bros. (Private) Ltd., hereinafter described as the Company, under section 33A of the Industrial Disputes Act. In short, the petitioner Shri Misra wants to say in his application that while he was working as a senior clerk without any administrative power or control or any supervisory powers, he was chargesheeted by his employer Company on various false allegations and ultimately dismissed from service without filing any application for approval of the order or dismissal or payment of one month's wages although an industrial dispute between the Company and the workmen was pending before this Tribunal at that time. The allegation of the petitioner is that due to his union activities the Company maliciously removed him from service. In a general way, the domestic enquiry held against him has also been challenged.

The Company filed a written statement denying the material allegations made by the petitioner. The case of the Company is that the present application under section 33A of the Industrial Disputes Act is not maintainable in law, that there has been no contravention of the provisions of section 33 of the Industrial Disputes Act, that the petitioner was not a workman within the meaning of the Industrial Disputes Act and that the petitioner was, at the time of dismissal, an Assistant in the Officers' cadre in the Company drawing a total salary of Rs. 635 per month. It has also been alleged that the petitioner was charged with gross neglect of duties, disobedience and insubordination punishable with dismissal under the Service Rules. He was thereafter dismissed when he was found guilty after a proper domestic enquiry. The Company has stated in the written statement that this was a bona fide case and the dismissal was justified.

The Company, however, raised a preliminary and jurisdictional point and wanted a hearing on the said point. A petition to that effect was filed on 16th June 1966. The opposite party filed objection thereto on 28th July 1966. The contention of the Company is that Shri Misra was a Mercantile Assistant with duties essentially and mainly of a supervisory/administrative nature and was drawing at the time of his dismissal from service wages exceeding Rs. 500 per month. According to the Company the petitioner was not a workman within the meaning of section 2(5) of the Industrial Disputes Act and therefore, the present complaint is not maintainable in law. The petitioner's reply to the contention of the Company is that he was, in fact, a workman and although he was called an Assistant, the designation was a misnomer. His case is that he was practically Head Clerk belonging to the clerical staff and as such, he was a workman. He had no supervisory or administrative powers.

The preliminary point was heard. The question is whether Shri Misra, the petitioner, was at the time of his dismissal, a workman within the meaning of the Industrial. Disputes Act. On this point the petitioner has examined himself as P. W. 1 and the Company has examined one Shri Hari Mohan Kumar Puri as O. P. W. 1. Several documents have been exhibited on both the sides.

The petitioner has stated during evidence that he was but a clerk of the Company and that he had no responsibility in his work. He has, however, admitted that he was designated as Assistant. His evidence is that there is no difference between the works of the clerical staff and those of the Assistants. His evidence further is that there are three categories of employees viz., Officers, Assistants and Clerical Staff. This statement shows that Assistants are not members of the clerical staff and that they are a different class. During cross-examination he has also stated that he had not to do the duties assigned to the clerks but he had to check their works, help them, give initials and tally their works, that the statement of claims prepared by his clerks were sent by him for payments of outstanding dues along with his letters, that he used to cause the clerks to prepare the bills and that he used to send those bills and other statements to different departments, branches, etc. In short, the petitioner wanted me to believe that he was nothing but a simple clerk doing the routine-works of the clerical staff, having no powers of supervision or superintendence.

As against the evidence of the petitioner, the Company has examined Shri Puri, who was in charge of Coal Sales, Administration Department of the Company. Under him Shri Misra, the petitioner worked in his department. O. P. W. 1 has stated that Shri Misra was a Senior Assistant. According to him also, Assistants are not clerks and that they belong to a distinct category. He has clearly stated that in the Company, there is no category or designation known as Senior Clerk or Head Clerk. He has denied that Assistants belong to the clerical staff of the Company. This witness under whom Shri Misra worked has defined the duties of Shri Misra as a Senior Assistant. According to O. P. W. 1, Shri Misra was entrusted with the job of submission of bills to branches and direct parties, claims of branches, realisation from parties direct, Sales Tax cases and railway complaint cases. In addition to these, Shri Misra was also to supervise the office routine work and there were many clerks working under him. Shri Puri has clearly stated that Shri Misra's duty was to supervise the works of the persons working under him. We get from the evidence of Shri Puri that at the beginning of the year, with the consultation of the Head of the Department, the Officer-in-charge was to allot the duties of the clerical staff but subsequently according to the need, the Senior Assistant was to re-allocate the duties. The said Senior Assistant was responsible to see that those duties were done by the staff concerned properly. We also get that the Senior Assistant-in-charge of the Section, signed the letter on behalf of the Company independently and the Officers and the Senior Assistants are authorised to sign the letters on behalf of the Company. No clerk is, however, authorised to sign any letter for the Company. Shri Puri has also stated that Senior Assistants need not consult or have any instruction from any Officer before signing the letters on behalf of the Company. From this witness we get that the applications of the clerical staff for leave are at first submitted to the Senior Assistants, who according to needs, makes recommendation for the grant of such leave, that the leave applications accompanied with the recommendations are sent to the Officer-in-charge of the Department who in turn, send the same to the Secretarial Department for appropriate orders and that when any Junior Assistant is transferred from one Department to another or from one Section to another, he is placed under the Senior Assistant of the Department or the Section to which he is transferred for training. According to O. P. W. 1 the duties of Shri Misra are supervisory in nature and not clerical. This witness of the Company has been thoroughly cross-examined but nothing has been elicited to show that his evidence is unacceptable or unbelievable.

The evidence of Shri Puri is supported by reliable documents whereas the evidence of the petitioner has been falsified by several documents filed in this case. Ext. 3 is the chart showing the Personnel of the Coal Sales Administration Department of the Company with their duties. This is not been denied from the side of the petitioner. Ext. 3 has been marked on the side of the petitioner. This will show that the Managing Director Shri I. M. Thapar was the Head of this Department (i. e. Coal Sale Administration Department). Directly under him were three Officers viz., Shri K. K. Desai, Shri H. M. K. Puri, O. P. W. 1 and Shri M. D. Varma. That Shri Puri was in-charge of the Department is supported by Ext. 3. Immediately under Shri Puri were several Senior and Junior Assistants. Shri Misra was a Senior Assistant under Shri Puri. The duties of Shri Misra as mentioned by Shri Puri will appear in Ext. 3. I also find that several clerks were engaged under Shri Misra. It is quite evident and there is no doubt that Shri Misra was in-charge of Bill Section. In Bill Section there were a number of clerks. On the side of the Company as I have already stated several documents have been filed and exhibited. Exts. C to J (6), N to P are signed by Shri Misra for and on behalf of the Company. These documents will clearly show that Shri Misra acted on behalf of the Company and wrote several letters to different parties advising them for payment of dues of the Company and in connection with other important matters. These letters are very important and authoritative. There can be no doubt that while dealing with these letters concerning important matters of the Company, Shri Misra acted with authority on behalf of the Company with administrative and supervisory powers. These letters were not the works of the clerical staff. They were in fact, important and responsible works done by some persons with authority and responsibility. Ext. M is an application for leave submitted by the typist. The application is dated 3rd February 1964 and on this application, recommendations were signed by Shri Misra on the very same day. Upon the recommendation the applicant was allowed leave. In this connection, the evidence of Shri Misra may be considered. He has stated that he had nothing to recommend for the leave. Subsequently, however, he has admitted that in Ext. M, he recommended the leave but strange to note that at the same time, P. W. 1 has stated that after the sanction of the leave, he made recommendation. This statement of Shri Misra is palpably false. He has also stated that there was no necessity for any recommendation and that he does not remember why he made that recommendation when there was no such necessity. . He cannot also say why he made such recommendation after the sanction of the leave. When confronted with Ext. M, Shri Misra could not give any reasonable explanation for his recommendation. The witness has no hesitation to make the false statement. Ext. 3 on the side of the petitioner is another hurdle. Shri Misra has admitted that the duties of the clerks mentioned in Ext. 3 are well-defined. At the same time, he has to admit that he had not to do the duties assigned to the clerks. Ext. 3 clearly shows that the petitioner was in-charge of the Bill Section and that he was in the supervisory position in respect of the staff under him as shown in Ext. 3. P. W. 1 at first stated that if anybody of the clerical staff wanted to go out during duty hours for a short time, it was not necessary for him to take permission from him. On the very next moment he admitted that there was a circular that member of the clerical staff must leave the department during office hours, if necessary, with the permission of the Assistant and that they used to follow that circular. Shri Misra is not a straight forward person. He immediately realised his folly in making the statement and then he made an attempt to say that according to that circular they had to take permission from Shri Puri and Shri Dosaj, the Head of the Department. The witness thereafter was confronted with the office order of the Company appearing in Ext. K (1) which runs as follows :

> "Similarly clerical staff, in case of emergency, should obtain prior permission from Mr. N. K. Misra".

Before this statement in quotation, Assistants were directed to obtain permission from Shri Dosaj or in his absence, of Shri Puri. Shri Misra did not venture to say that this was not an office order but he has stated that the circular was subsequently changed about Five or Six months prior to May 1962. I thoroughly disbelieve Shri Misra. The evidence given by Shri Puri is very straight forward and I accept the statements as true and acceptable.

There is another fact to be considered in this connection. Shri Misra has admitted in cross-examination that the clerical staff used to get their pays in cash whereas he received his pay by cheque. Had he been a member of the clerical staff, he would have certainly received his pay in cash like other members of the clerical staff but this was not the case. Shri Misra could not, therefore, be a member of the clerical staff. Moreover, as I have already stated Shri Misra has admitted that there were three categories of employees viz., Officers, Assistants and clerical staff. He being a Senior Assistant, could not have been a member of the clerical staff. Along with this fact I was referred to Ext. Q, the Service Rules. These Service Rules are accepted by both the parties. There has been no challenge as to the correctness of these Rules. Section 5 of the Rules mentions categories of employees engaged by the Company. Here, we find that there are three categories, the first category includes Officers and Assistants, the second category embraces clerical staff and the third category includes subordinate staff and workers at the Mills, Factories and Collieries. It is clear, therefore, that Officers and Assistants have been placed under the same category. Assistants therefore are quite distinct from clerical staff. Their status is higher than that of clerical staff. Under Rule 19 of Ext. Q relating to Travelling Allowances, we find in sub-clause (h) (i), Officers and Assistants have been classified together belonging to the same category and clerical staff has been taken as a different category. In Rule 25 at page 27 of Ext. Q, we also get the categories of employees mentioned in the first column of the chart. Here also we get Officers and Assistants mentioned in the same category. It is clear that in this Company, the Assistants and Officers belong to the same category and the Assistants are taken as Junior Officers. In this connection, I have also considered Ext. R, an Award made by this Tribunal over some disputes between the Company and its workmen as far back as 1960. Scale of pay, dearness allowance, leave allowance, etc. were some of the issues decided by that award. I have gone through the award and I find that the Assistants were not mentioned there either as workmen or as clerks. In that reference it was not the case of the Union that the Assistants were members of the clerical staff.

I will consider now the other admitted documents. Ext. A is the copy of the leave record of Shri N. K. Misra, the petitioner. In this document Shri Misra has been described as belonging to the category of Officers and Assistants under Rule 25(3)(b) of the Service Rules. The printed columns of the other categories of employees viz. subordinate staff and clerical staff have been penned through. The Ext. B is the copy of the Salary Register in which Shri Misra gave his signature on receipt of his monthly wages. This register has been described as "Officers Salary Register". It is clear therefore that in Exts. A and B, Shri Misra has been described as an employee belonging to the Officers' category in which Assistants are also included Assistants are practically Junior Officers. In Coal Sale Administration Department Shri K. K. Dosaj was immediately under the Managing Director and he was in-charge of the General Administration, Co-ordination, all important correspondence, Development and general guidance on all important matters. Ext. K is an office order in respect of certain directions upon some Officers in the Department. This order will show that Shri A. K. Kaura was placed under Shri N. K. Misra for one month's training so as to pick up all the works which were being done by Shri Misra. Shri Misra was, therefore, holding an important and responsible office to train up Shri Kaura who was previously looking after U. P. Branches. Shri N. K. Misra was undoubtedly an Officer of higher responsibility and status. By no stretch of imagination can he be called the Head clerk or a member belonging to the clerical staff.

I have seriously considered the evidence adduced in this case both oral and documentary as also the circumstances and I hold that Shri Misra did not belong to the clerical staff. He was not a Head Clerk as he wanted to say. From the nature of works performed by him, he cannot be called a workman according to the difinition in section 2 (s) of the Industrial Disputes Act. Shri Misra was a member of the category of employees called "Officers and Assistants" with managerial, administrative and supervising powers. The primary and main duties of Shri Misra were administrative and supervisory in nature having powers of direction and superintendence over the staff under him. He was getting wages more than Rs.500 per month. Although he was originally employed in this Company as a clerk, he ceased to be a workman after his promotion to the post of the Senior Assistant as he was at the time of dismissal. When Shri Misra, after promotion, had been vested with powers, control, direction and supervision and also acted in administrative capacity he could not be called a workman under the Industrial Disputes Act. Section 33 of the Industrial Disputes Act governs the cases of workmen and that provision is not applicable to the case of Shri Misra. The present application under section 33A of the Industrial Disputes Act for the alleged violation of section 33 is misconceived and not maintainable in law. The preliminary and jurisdictional point raised from the side of the Company succeeds and I find the same against the petitioner.

In the result, the application of Shri N. K. Misra, the petitioner is not maintainable and it fails. The question of merits in this case does not require further consideration. He is not entitled to any relief in this case.

ANNEXURE

In the matter of an industrial dispute between Messrs. Northbrook Jute Mills Ltd., P.O. Baidyabati, district Hooghly [Managing Agents—Messrs. Bird & Co. BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present:

Shri S. K. BHATTACHARYYA, Judge,
Second Industrial Tribunal.

By order No. 6535-I.R./IR/7L-37/65, dated Calcutta, the 14th December 1965, Government of West Bengal, in the Labour Department, referred an industrial dispute between Messrs. Northbrook Jute Mills Ltd., and their workmen represented by Hooghly Zilla Chatkal Mazdoor Union to this Tribunal for adjudication on the following issue:

Issue

Is the dismissal of Shri Sarjoo Pandey justified? To what relief, if any, is he entitled?

After service of notice both parties entered appearance and filed separate written statement. The Union in their written statement filed on 18th April 1966 interalia contended that about 200 badli workmen of North-brook Jute Mills became unemployed following closure of broad looms of the said mills. These workers were alleged to have been offered alternative employment in a neighbouring jute mill in ordinary looms. The offer however failed to satisfy the workmen, who demanded a sum of Rs. 25 each from the mills for going to their respective native places in accordance with the usual practise in such case. The demand was however rejected and the retrenched Badli workmen squatted in front of the office of the Manager of the Northbrook Jute Mill on 8th April 1964. The workers were alleged to have confined the Manager and some of the officials for a considerable time and the police was called to restore order. There was a clash between the police and these workmen at about 9 p.m. on that day. The police resorted to indiscriminate arrest as a result of which a permanent workman named Sarjoo Pandey was arrested while on his way home after finishing his duties in the mills. Sarjoo along with 39 others were sent up for trial before a Magistrate at Chandernagore and two cases were started against them. They were however acquitted. Sarjoo Pandey was niether interested in the demonstration of the Badli workmen nor had he any interest common with them. Yet he was charge-sheeted and dismissed after a perfunctory domestic enquiry. The Union thereupon took up his cause, had the reference made and now prays for reinstatement on the allegation that the charges against Sarjoo Pandey was false and malafide.

The company in their written statement filed on 1st June 1966 inter-alia admitted that Sarjoo Pandey was a permanent broad loom weaver and contended that on 8th April 1964 a gang of workers including Sarjoo Pandey made a riotous and disorderly demonstration in front of Manager's office and kept him confined from 8 a.m. to 9 p.m. Police thereafter intervened and tried to persuade the worker to withdraw but the demonstrators grew more and more violent and the police ultimately used tear gas and resorted to lathi charges and some of the demonstrators including Sarjoo Pandey was arrested on the spot. The management made a preliminary enquiry and found that of the demonstrators arrested on the spot, Sarjoo was the only permanent worker. Thereupon the management decided to issue charge-sheet against him which was followed by a domestic enquiry. The enquiry, it was alleged was fairly and properly conducted in presence of a member of the Works Committee and a representative of the delinquent worker and the enquiring officer found Sarjoo Pandey guilty to the charge. The management agreed with the said finding and dismissed him with effect from 24th June 1964. Subsequently Sarjoo Pandey was acquitted in the criminal case started against him and he approached the management for his reinstatement. The management considered the matter deeply and found no justification for revising its order. The Management denied that they were actuated by any malafide or ulterior motive and maintain that it was necessary to take action against him in the interest of discipline, as the charge was very grave.

Appearances of the parties are as follows:

For the Company: Shri S. Sen, Advocate.

For the Union: Shri Narayan Das Gupta, assistanted by Bivash Ghose, President of the Union.

Decision

The Union examined one witness, namely, Sarjoo Pandey himself and the company likewise examined one witness Pratul Chandra Banerjee (O.P.W.1) who conducted the domestic enquiry.

Sarjoo Pandey in his evidence stated that he was on duty at the mills on the date of occurrence from 10 a.m. to 1 p.m. and again from 4 p.m. to 9 p.m. He however maintained that he left his place of duty at about 9-15 p.m. In his evidence he stated that at about 8-55 p.m. the thread of the beam of his loom was cut and as he was repairing the thread, Line Sardar Diljan came at about 9-10 p.m. and asked him to clear out. When he went out he found a police party arresting workers and putting them in the mill office. This police party took him into custody and produced him in the Manager's office and two cases were started against them. He was acquitted in both the cases.

Sarjoo Pandey admitted that he was served with a charge-sheet for alleged riotous and disorderly behaviour and this charge-sheet was followed by an enquiry in which he was present and participated. He however asserted that the enquiry proceedings were not read over or explained to him and he merely affixed his signature in the enquiry proceedings at the instance of Mahabir Prosad, a member of the Works Committee. The enquiring officer (O.P.W.1) Protul Chandra Chatterjee stated that Sarjoo Pandey was represented by Mahabir Prosad at the enquiry and a member of the Works Committee Tara Prosad was also present. At the enquiry Sarjoo Pandey was given every facility in the matter of his defence and the enquiry proceedings were interpreted to Sarjoo Pandey in Hindi. There is an endorsement to that effect in each page and in the circumstances it is too late for Sarjoo Pandey to contend that the enquiry proceeding was not explained to him. In the circumstances it cannot be held that the enquiry was not fairly or properly conducted.

It now remains to be seen if on the evidence adduced at the enquiry a *prima facie* case has been made out and the finding arrived at is free from any basic error or was not perverse. On a careful consideration of all the materials on record I am unable to uphold the findings of the enquiring officer in this case, for the decision of the enquiring officer in my view suffers from basic error and the finding was baseless and perverse. The enquiring officer in his report observed that "although none of the prosecution witnesses saw that Sarjoo actually did throw any missiles or acted in a violent way at the material time, it is clear from the circumstantial evidence on record that Sarjoo did form part on the front line of the unlawful assembly that night at about 9.00 p.m. which acted in a violent manner resulting in damages to company's property (window panes of the office, etc.) and injury to police men on on duty". The alleged circumstantial evidence referred to in the enquiring officer's finding is nowhere to be found in the record of the enquiry proceeding. In cross-examination before the Tribunal the witness stated that by circumstantial evidence he understood the evidence of witnesses as given before him at the enquiry. By this statement he has contradicted his above cited observation wherein he clearly stated that none of the prosecution witness saw Sarjoo Pandey actually throwing any missiles or acting in a violent way at the relevant time. Sarjoo raised an alibi and it was dismissed on the ground that it was feebly supported by two of the defence witnesses. Admittedly Sarjoo Pandey's duty on that day was in two shifts from 10 a.m. to 1 p.m. and again from 4 p.m. to 9 p.m. Sarjoo Pandey claims that he left the broad loom section of the mill at about 9-15 p.m. on that day and while he was proceeding home from the mill he was arrested by the police. The arrest was admittedly made at about the time and even if Sarjoo left the mill at 9 a.m. which was the normal hour of closing of the shift, he could not have been there for more than 10 or 15 minutes. It was not the Management's case that Sarjoo was a leader of the casual or Badlee workers or that he had any interest common with them. In such circumstances, the enquiring officer did not think it fit to call for the attendence card of Sarjoo Pandey or the Pick Counter book in which the amount of work put in by a worker in each shift is recorded on the basis of entries in the Pick Counter Meter attached to each loom. If the enquiring officer called for these materials, which were undoubtedly in the mill's possession, he would have found whether Sarjoo Pandey was with the squatters all the time as alleged in paragraph 2(b) of the company's written statement. That Sarjoo Pandey could not have been with this squatters for more than 10/15 minutes is evidenced from the evidence recorded at the enquiry and even if the evidence of the managements witnesses is accepted in toto, it merely establishes that Sarjoo Pandey was at the spot at about 9-15 p.m. when he was arrested by the police. This perfectly fits in with the defence set up by Sarjoo and in such circumstances failure on the part of the enquiring officer to send for the attendance card or pick counter book renders his finding perverse and baseless. Except one management witness, namely Rambalak Singh, line durwan, none of the other witnesses attributed any specific acts of violent or disorderly or riotous behaviour to Sarjoo and even this witness merely stated in Sarjoo's indiscrit cross-examination that he was one of those 12 men who were creating *hallah* at about 9 p.m. Now what the witness meant by Hallah was not made clear and there can be little doubt that the only action of Sarjoo so far established is that he was physically present at the time and was arrested along with the squatters or demonstrators. It is quite possible that on way home he went to see what was happening and might have been roped in him by the police and the management thought it fit to proceed against him merely on that circumstance. Two defence witnesses examined by Sarjoo Pandey clearly proved his presence in the broad loom section of the mills up to 9 p.m. and even later and that could have been falsified by production of the attendance card and the pick counter book. Unfortunately the material documents were withheld for reasons which are not difficult to guess. Whilst the witnesses did not specifically attribute any acts of riotous or disorderly behaviour to Sarjoo, the circumstances spoke in his favour, yet the enquiring officer found him guilty on a charge that was both vague and improvize. I have no doubt that the finding of the enquiring officer suffers from basic error and on a careful consideration of all the materials on record, I hold that the findings in the circumstances must be regarded as baseless and perverse. I therefore hold that the dismissal of Sarjoo Pandey in the instant case was not justified and he is therefore entitled to be reinstated with full pay and allowances, for the entire period.

AWARD

The Government of West Bengal, by order No. 1337-I.R./IR/11L-59/66, dated the 4th April 1966, had referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Lakshmi Narayan Board Mills Private Ltd., 1 Priya Mitra Road, Calcutta-48, and their workmen represented by West Bengal Paper and Board Mills Mazdoor Union, 22/1 Kali Charan Ghose Road, Calcutta-50, to this Tribunal for adjudication.

The issue under reference is as follows:—

Issue

Whether the Managemnet was justified in keeping their Factory under lock-out from 27th January 1965 to 1st April 1965, both days inclusive? What relief, if any, are the workmen entitled to?

Written statement on behalf of the Company was filed on 13th June 1966. It is the case of the Company that the issue referred to is not an industrial dispute and that the company was justified in keeping the factory under lock-out from 27th January 1965 to 1st April 1965 and the workers are not entitled to any relief for the period of lock-out. After the dismissal of Kanu Ranjan Nag, machineman Sirdar, no worker came forward to take up the job of the machineman deliberately. On 5th January 1965, the company sent a letter to the Labour Commissioner intimating that because of the inability to secure a machineman, they were compelled to lay-off the workers of that particular shift. In the absence of the machineman, ten workmen who became surplus were laid-off by notice, dated 6th January 1965. A special request was made to the union to ask Kamal Krishna who worked as a machineman before, to work as such but Kamal did not come forward to work. As there was no work for running two shifts, a notice, dated 9th January 1965, was given in accordance with the provisions of the Standing Orders asking the workers to work in the morning shift only. The workers did not deliberately report for work in the morning shift as directed, and were absenting from work. The Labour Commissioner was informed of this by letter, dated 11th January 1965. When a new machineman was appointed after advertisement in the newspaper, the workers threatened him with dire consequence and he also could not report for work.

The Company was thereafter compelled by notice, dated 15th January 1965 to lay-off 29 workmen mentioned in the notice. An unruly atmosphere was prevailing in the factory since after the dismissal of Shri Kanu Nag. On 25th January 1965 when the Superintendent of the factory was going in the factory in the morning by a taxi, one Nayalall Singh and some other workmen including Kanu Nag rushed towards the car and the Superintendent was severely assaulted with iron rod and his personal bag was snatched away. The factory was thereafter locked out with effect from 27th January 1965. Ultimately charges had been sent to the union Secretary, for service to the workmen concerned. Thereafter, an enquiry was held and the workmen were dismissed by letter, dated 28th March 1965. Situation near the factory area was considered dangerous and no personnel of the Management was available to attend the factory due to the threat, intimidation and violent demonstration of the workmen. The Company was forced to declare lock-out with effect from 27th January 1965 and was wiling to lift the lock-out as soon as it would receive assurance of peaceful running of the factory from the workers. The lock-out during the period from 27th January 1965 till 1st April 1965 was, therefore, justified.

The written statement on behalf of the workmen was filed by the union on 24th August 1966. It is the case of the union that the company declared lock-out since 27th January 1965 to 1st April 1965 with some mala fide intention and also to increase the sufferings of the poor workers. The workers are entitled to full compensation for this period. The union did not raise any objection against the dismissal of Kanu Nag and their was no able workman in the shift of Kanu Nag to work as machineman. Nobody was interested to apply for the post of machineman, as the wages given by the company are extremely low for the post. Shri Kamal Krishna Pathak never worked as a machineman in place of Kanu Nag. On 9th January 1965, the management illegaly discontinued second shift. The workers lodged a protest regarding this act of the company. The workmen never threatened any of the employees and the management never tried to appoint a machineman. Kamal Krishna Pathak could not take up the work of machineman because of low wage structure and because of fixed quota of production with an immediate effect. The lock-out was illegal and unjustified. The management dismissed a group of workmen, viz., Rabindra Ghose, Kamal Krishna Pathak and others.

When the Assistant Labour Commissioner, West Bengal, sent a letter to the management on 24th March 1965 and directed them to lift the lock-out immediately the management realised the legal consequences and lifted the lock-out on 2nd April 1965.

Decision

Admittedly, the management got their factory under lock-out from 27th January 1965 to 1st April 1965, i.e., for more than two months. The period of lock-out was rather long. The closure must be, it seems to be, circumstances which could not be avoided by the employer and the circumstances which justified the closure must be such as cannot be controlled by the employer. It has been held in the case reported in the Factories Journal, Vol. XVIII, page 215 that if the closure is mala fide then it is not a closure at all and if an employer merely closes this business for a short while just in order to get rid of his employees and starts it over again, that would be mala fide closure. The closure must be bona fide and it must not be arbitrary. In the present case before us, there is evidence to show that one of the officers of the company was roughly handled. This matter is pending in the criminal court. There is some evidence to show that the employer was faced with threats, intimidation, violance, etc. Of course, O.P.W. 1, Superintendent of the factory has stated that there are two shifts in the machine section. None of the workers agreed to work as machineman and the workers refused to work and so they were laid off. It will appear from the statement of O.P.W. 1 that the Company advertised in the newspaper inviting applications for the post of machineman and that one Uchit Singha was appointed as machineman. Exts. M, M-1, are the advertisements and Ext. N shows the appointment of Shri Uchit Singha. O.P.W. 1 had further stated that all those who got notice absented themselves and 29 workers of the dependent sections were laid off. He has further stated that as the workers began to threaten the management with violence and as they wanted to paralyse the factory, the lock-out was declared. He has also given evidence to the effect that on 25th January 1965 at about 6-45 a.m, when he was going to the office by a car, 6/7 persons surrounded the car and assulted him with rods and that the assailants were found to be the workers of his factory. O.P.W. 1 has stated that the officers complained of threat after 25th January 1965 and that thereafter the lock-out was declared. He has stated on oath that no assurance was given by the workers or by the Secretary of the union to work in a disciplined manner. He has further stated that the Company was compelled to declare lock-out when the workers tried to paralyse the factory and endangered the lives. It will appear from the evidence of O.P.W. 1 that at the time of lock-out, about 54/55 workers were in the employment of the company and that only five persons were involved in assaulting him. Those five persons were dismissed on 20th March 1965 after enquiry and on proved misconduct. O.P.W. 2 who is a clerk and supervisor of the mill stated that after the dismissal of Kanu Nag, his shift did not work but the B shift workers of the afternoon shift did not work, though they were asked to do so. He has further stated that they used to absent themselves and scold the workers from outside and asked them not to work as they were laid off. He has stated that the Superintendent was assaulted within a distance of 150 yards in his presence. He is an eye witness to the occurrence. He has named Benode Behari Sarkar and Manindra Nath Chakraborty who has threatened him. P.W. 1 who is a worker of the Mill since 1963 (November) has stated that before the lock-out in January 1965, there was some lay-off in some of the machines of the factory to which they protested. He has stated that after the dismissal of Kanu Nag, there was no worker of the factory who was competent to work as a machineman in place of Kanu. He has stated that about 50 workers were working at the time of the lay-off and ten persons were laid off after the dismissal of Kanu Nag, and that the workers, besides those laid off, were affected by the lock-out. He does not deny that there was violence and that the Superintendent was assaulted. He does not deny that some of the workers refused to work and that there was no machineman available for work. P.W. 2 Shri Chakraborty is also an employee of the Mill He is a sorter. He has stated that at the time of lock-out, there were about 25 workers and that half the staff were laid off at the time of lock-out. He does not deny that the Superintendent was violently assaulted and that some of the workmen refused to work. It is clear from the evidence discussed above that the situation became so serious at that time that there was no other alternative for the company but to declare lock-out. But the lock-out continued for an unreasonably long period. There was no necessity for continuing the lock-out for more than two months, i.e., from 27th January 1965 to 1st April 1965. The lock-out becomes unjustified on account of its unreasonably long duration. In this particular case, there arises a case of apportionment of blame between the employer and employees. In the instant case, the lock-out, though justified at its commencement, was allowed to continue for an unreasonably long period. The concerned workmen are, therefore entitled to get half the wages for the period of lock-out.

I therefore hold that the management was justified in declaring the lock-out at the beginning but was unjustified in keeping their factory under lock-out for the entire period from 27th January 1965 to 1st April 1965. I also hold that the workmen who were working at the time of the lock-out, i.e., those workers who were affected by the lock-out shall get half the wages for the period of lock-out. But those workers who did not voluntarily join after the lifting of the lock-out, shall not get any compensation for the period of lock-out. It has been argued on behalf of the Company that the present dispute is not an Industrial Dispute. There is no substance in this contention. This is a dispute between the employers and the workmen. The cause of the affected workmen has been taken up by the union, viz., West Bengal Paper and Board Mill Mazdoor Union of which the affected workmen are members. I accordingly hold that the present dispute is an industrial dispute.

It will appear from the standing orders of the Company published in "Calcutta Gazette", 3rd October 1963, at page 841 that the services of all workmen of Lakshmi Narayan Board Mills Pvt. Ltd., are liable to be transferred from one job to another, from one section to another at any time and for such time as may be directed by the management either verbally or written notice when affecting their normal wages and status. The requisite notice has been given by the company. There was no justification for Kamal's refusing to work as a machineman in place of Kanu Nag when he was asked to do so. There was no justification for other workers abstaining from their work. The act of violence and the severe assault on the Suprintendent resorted to by some of the workmen show that the Company was rather forced to declare lock-out at the beginning, but as the lock-out continued for an unreasonably long period, I have awarded compensation to the extent of half the wages for the period of lock-out to those workers who were affected by the lock-out.

This is may award. This award will take effect within thirty days from the date of publication of the award in the "Calcutta Gazette".

AWARD

By Government order No. 3625-I.R./IR/8L-26/63, dated the 29th August 1963, an industrial dispute between Messrs. Bharat Woolen Mills Ltd., here nafter referred to in this award as the company, and their workmen including the 22 applicants of the case under section 33A of the Industrial Disputes Act, 1947, was referred to the First Industrial Tribunal for adjudication.

During the pendency of the reference case before the said First Industrial Tribunal, the applicants filed the instant application under section 33A complaining certain violation of section 33 of the Act by the company and praying for redress.

The application was opposed by the company and it filed a written objection on 18th August 1964 denying any violation of section 33 of the Act. Thereafter by Government Order No. 2712-I.R./IR/8L-26/63, dated the 11th July 1966, the complaint under section 33A was transferred to this Tribunal for adjudication. After the receipt of the record if the case in this Tribunal, the company filed an additional written statement challenging the validity of the order of transfer as also the jurisdiction of this Tribunal to try the case. As certainly this Tribunal will have no jurisdiction to try the case, if the order of transfer was bad in law, the question of the validity of the order was first taken up for consideration.

It is not disputed that Shri R. P. Mukherji was Judge of the First Industrial Tribunal when the application under section 33A was filed and that since March 1965 he was no longer in office. Further undisputed fact is that from 8th March 1965, till the date of the order of transfer the said First Tribunal was without any permanent Presiding Officer. During the aforesaid period for all practical purposes, the First Tribunal practically remained vacant and no steps was taken by the Government in accordance with section 8 of the Industrial Disputes Act, 1947, referred to hereinafter as the Act, to fill the vacancy in the office of the Presiding Officer, First Tribunal, as a result of Shri Mukherji's leaving the Tribunal. Instead of arranging for disposal of the pending file of the First Tribunal by appointing a successor to Shri R. P. Mukherji, Government transferred the reference cases under section 10 as also cases under sections 33 and 33A of the Act to other Tribunals for disposal, and the present case was one instance of such transfers. This transfer was made by the Government in exercise of the power conferred on it by section 33B of the Act. It was argued on behalf of the company that section 8 of the Act, controls section 33B and that accordingly when instead of proceeding under section 8 to fill up the vacancy in the Office of the Presiding Officer, First Tribunal, Government had proceeded under section 33B for disposal of the case, the Tribunal must hold that the order of transfer was invalid, and inoperative in law. This argument on behalf of the company I cannot accept. I have carefully read the two sections in between the lines and also side by side and I am of opinion that section 8 does not control section 33B and that if any vacancy occurs in the office of the Presiding Officer of a Tribunal Government can arrange for the disposal of the cases pending in that Tribunal either by taking action under section 33B or by filing up the vacancy in the Office of the Presiding Officer of that Tribunal. If, however, Government proceeds under section 33B it must state in the order passed under that section the reasons for proceeding under the section. In the instant case the reason for the transfer has no doubt been mentioned in the order of transfer but still it must be held that the order was not in conformity with the provisions of section 33B and was accordingly bad in law. Section 33B lays down, "The appropriate Government may, by order in writing and for reasons to be stated therein, withdraw any proceeding under this Act pending before a Labour Court, Tribunal, or National Tribunal and transfer the same to another Labour Court, Tribunal or National Tribunal, as the case may be, for the disposal of the proceeding". To be a valid order under section 33B of the Act, the order must, therefore, not only contain the reason of transfer but also denote the withdrawal of the case from the file of the Tribunal and then transfer thereof to another Tribunal for disposal. If the order of transfer lacks any of these three ingredients it is certainly not an order in accordance with section 33B and such an order will not give the transferee Tribunal any jurisdiction to adjudicate the case thus transferred by the order. In the instant case the reason for the transfer is contained in the impunged order of transfer, so also the transfer of the case to this Tribunal for adjudication, but as the order does not signify withdrawal of the case from the file of the First Tribunal, before transfer thereof to this Tribunal, in my opinion, the order was not in accordance with section 33B of the Act, and was not as such sufficient to give this Tribunal the necessary jurisdiction to adjudicate the complaint under section 33A. I, therefore, held and conclude that the Government order transferring the case to this Tribunal was bad and inoperative in law and that this Tribunal has not as such any jurisdiction to try the workers' application under section 33A.

This is my award.

Aggregation of Income

Total income.

66. In computing the total income of an assessee, there shall be included all income on which no income-tax is payable under Chapter VII and any amount in respect of which the assessee is entitled to a deduction from the amount of income-tax on his total income with which he is chargeable for any assessment year in accordance with, and to the extent provided in sections 87 and 88.

Method of computing a partner's share in the income of the firm.

67. (1) In computing the total income of an assessee who is a partner of a firm, whether the net result of the computation of total income of the firm is a profit or a loss, his share (whether a net profit or a net loss) shall be computed as follows:—

(a) any interest, salary, commission or other remuneration paid to any partner in respect of the previous year shall be deducted from the total income of the firm and the balance ascertained and apportioned among the partners;

(b) where the amount apportioned to the partner under clause (a) is a profit, any salary, interest, commission or other remuneration paid to the partner by the firm in respect of the previous year shall be added to that amount, and the result shall be treated as the partner's share in the income of the firm;

(c) where the amount apportioned to the partner under clause (a) is a loss, any salary, interest, commission or other remuneration paid to the partner by the firm in respect of the previous year shall be adjusted against that amount, and the result shall be treated as the partner's share in the income of the firm.

(2) The share of a partner in the income or loss of the firm, as computed under sub-section (1) shall, for the purposes of assessment, be apportioned under the various heads of income in the same manner in which the income or loss of the firm has been determined under each head of income.

(3) Any interest paid by a partner on capital borrowed by him for the purposes of investment in the firm shall, in computing his income chargeable under the head "Profits and gains of business or profession" in respect of his share in the income of the firm, be deducted from the share.

(4) If the share of a partner in the income of a registered firm or a firm treated as registered in accordance with the provisions of clause (b) of section 183, as computed under this section, is a loss, such loss may be set off, or carried forward and set off, in accordance with the provisions of this Chapter.

Explanation.—In this section, "paid" has the same meaning as is assigned to it in clause (2) of section 43.

Cash credits.

68. Where any sum is found credited in the books of an assessee maintained for any previous year, and the assessee offers no explanation about the nature and source thereof or the explanation offered by him is not, in the opinion of the Income-tax Officer, satisfactory, the sum so credited may be charged to income-tax as the income of the assessee of that previous year.

Unexplained investments.

69. Where in the financial year immediately preceding the assessment year the assessee has made investments which are not recorded in the books of account, if any, maintained by him for any source of income, and the assessee offers no explanation about the nature and source of the investments or the explanation offered by him is not, in the opinion of the Income-tax Officer, satisfactory, the value of the investments may be deemed to be the income of the assessee of such financial year.

Set off, or carry forward and set off

Set off of loss from one source against income from another source under the same head of income.

70. Save as otherwise provided in this Act, where the net result for any assessment year in respect of any source falling under any head of income is a loss, the assessee shall be entitled to have the amount of such loss set off against his income from any other source under the same head.

Set off of loss from one head against income from another.

71. Where in respect of any assessment year the net result of the computation under any of the heads of income mentioned in section 14 other than "Capital gains" is a loss to the assessee, the assessee shall, subject to the other provisions of this Chapter, be entitled to have the amount of such loss set off against his income assessable for that assessment year under any other head:

Provided that, where the total income includes any income assessable under the head "Capital gains", the loss computed under any other head of income, if the assessee so desires, shall not be set off against the income under the head "Capital gains" but shall be set off against his income assessable under any other head of income.

Carry forward and set off of business losses.

72. (1) Where for any assessment year the net result of the computation under the head "Profits and gains of business or profession" is a loss to the assessee, not being a loss sustained in a speculation business, and such loss cannot be wholly set off in accordance with the provisions of section 71, so much of the loss as is not set off or the whole loss, where the assessee had no income under any other head except "Capital gains", shall, subject to the other provisions of this Chapter, be carried forward to the following assessment year, and

(i) it shall be set off against the profits and gains, if any, of any business or profession carried on by him and assessable for that assessment year:

Provided that the business or profession for which the loss was originally computed continued to be carried on by him in the previous year relevant for that assessment year; and

(ii) if the loss cannot be wholly so set off, the amount of loss not so set off shall be carried forward to the following assessment year and so on.

74. (1) Where in respect of any assessment year the net result of the computation under the head "Capital gains" is a loss to the assessee, such loss shall, subject to the other provisions of this Chapter, be carried forward to the following assessment year and set off against capital gains assessable for that assessment year, and if it cannot be so set off, the amount thereof not so set off shall be carried forward to the following assessment year and so on:

Provided that where the loss computed in respect of any assessee, not being a company, for any assessment year does not exceed five thousand rupees, it shall not be carried forward under this sub-section.

(2) No loss shall be carried forward under sub-section (1) for more than eight assessment years immediately succeeding the assessment year for which the loss was first computed.

Losses of registered firms.

75. (1) Where the assessee is a registered firm, any loss which cannot be set off against any other income of the firm shall be apportioned between the partners of the firm, and they alone shall be entitled to have the amount of the loss set off and carried forward for set off under sections 70, 71, 72, 73 and 74.

(2) Nothing contained in sub-section (1) of section 72, sub-section (2) of section 73 or sub-section (1) of section 74 shall entitle any assessee, being a registered firm, to have its loss carried forward and set off under the provisions of the aforesaid sections.

(2) Where the assessee is a partner of an unregistered firm which has not been assessed as a registered firm under the provisions of clause (b) of section 183 and his share in the income of the firm is a loss, then, whether the firm has already been assessed or not—

(a) such loss shall not be set off under the provisions of section 70, section 71, or sub-section (1) of section 73;

(b) nothing contained in sub-section (1) of section 72 or sub-section (2) of section 73 or sub-section (1) of section 74 shall entitle the assessee to have such loss carried forward and set off against his own income.

Carry forward and set off of losses in case of change in constitution of firm or on succession

78. (1) Where a change has occurred in the constitution of a firm, nothing in this Chapter shall entitle the firm to have carried forward and set off so much of the loss proportionate to the share of a retired or deceased partner computed in accordance with section 67 as exceeds his share of profits, if any, of the previous year in the firm, or entitle any partner to the benefit of any portion of the said loss which is not apportionable to him under section 67.

Explanation 2.—For the removal of doubts, it is hereby declared that a deduction to which the assessee is entitled in respect of any donation made to an institution or fund to which sub-section (5) applies shall not be affected merely by reason of the fact that subsequent to the donation any part of the income of the institution or fund has become chargeable to tax due to non-compliance with any of the provisions of section 11.

(6) Notwithstanding anything contained in sub-section (5), this section shall apply to donations given for the renovation or repair of any temple, mosques, gurdwara, church or any other place which is notified by the Central Government in the Official Gazette to be of historic, archaeological or artistic importance.

(2) Where the Income-tax Officer is not satisfied about the correctness or the completeness of the accounts of the assessee, or where no method of accounting has been regularly employed by the assessee, the Income-tax Officer may make an assessment in the manner provided in section 144.

(6) Where an assessee has presented an appeal under section 246 the Income-tax Officer may, in his discretion, and subject to such conditions as he may think fit to impose in the circumstances of the case, treat the assessee as not being in default in respect of the amount in dispute in the appeal, even though the time for payment has expired, as long as such appeal remains undisposed of.

(7) Where an assessee has been assessed in respect of income arising outside India in a country the laws of which prohibit or restrict the remittance of money to India, the Income-tax Officer shall not treat the assessee as in default in respect of that part of the tax which is due in respect of that amount of his income which, by reason of such prohibition or restriction, cannot be brought into India, and shall continue to treat the assessee as not in default in respect of such part of the tax until the prohibition or restriction is removed.

Provided that before levying any such penalty the assessee shall be given a reasonable opportunity of being heard.

A.—Life insurance business

Profits of life insurance business to be computed separately.

1. In the case of a person who carries on or at any time in the previous year carried on life insurance business, the profits and gains of such person from that business shall be computed separately from his profits and gains from any other business.

Computation of profits of life insurance business.

2. (1) The profits and gains of life insurance business shall be taken to be the greater of the following—

(a) the gross external incomings of the previous year from that business, less the management expenses of that year;

(b) the annual average of the surplus arrived at by adjusting the surpplus or deficit disclosed by the actuarial valuation made in accordance with the Insurance Act, 1938, in respect of the last inter-valuation period ending before the commencement of the assessment year, so as to exclude from it any surplus or deficit included therein which was made in any earlier inter-valuation period and any expenditure or allowance which is not deductible under the provisions of sections 30 to 43 in computing income chargeable under the head "Profits and gains of business or profession". 4 of 1938.

(2) The amount to be allowed as management expenses under sub-rule (1) shall not exceed the aggregate of the following:—

(a) 7½ per cent. of the premium received during the previous year in respect of single premium life insurance policies;

(b) in respect of the first year's premiums received in respect of other life insurance policies for which the number of annual premiums payable is less twelve, or for which the number of years during which premiums are payable is less than twelve, for each such premium or each such year 7½ per cent. of such first year's premiums received during the previous year;

(c) 90 per cent. of the first year's premiums received during the previous year in respect of all other life insurance policies;

(d) in respect of all renewal premiums received during the previous year, an amount calculated at such percentage thereof as is permissible under sub-section (2) of section 40B of the Insurance Act, 1938, as reduced by any expenditure or allowance which is not deductible under sections 30 to 43 in computing income chargeable under the head "Profits and gains of buisness or profession". 4 of 1938.

Deductions.

(a) four-fifths of the amounts paid to or reserved for or expended on behalf of policy-holders shall be allowed as a deduction:

Provided that if any amount so reserved for policy-holders ceases to be so reserved, and is not paid to or expended on behalf of policy-holders, that proportion of such amount (one-half or four-fifths, as the case may be) if it has been previously allowed as a deduction under this Act or under the Indian Income-tax Act, 1922, shall be treated as part of the surplus for the period in which the said amount ceased to be so reserved; 11 of 1238.

(b) any amount either written off or reserved in the accounts or through the actuarial valuation balance sheet to meet depreciation of or loss on the realisaion of investments shall be allowed as a deduction, and any sums taken credit for in the accounts or actuarial valuation balance sheet on account of appreciation of or gains on the realisation of investments shall be included in the surplus:

Provided that if upon investigation it appears to the Income-tax Officer after consultation with the Controller of Insurance that having due regard to the necessity for making reasonable provision for bonuses to participating policy-holders and for contingencies, the rate of interest or other factor employed in determining the liability in respect of outstanding policies is materially inconsistent with the valuation of investments so as artificially to reduce the surplus, such adjustment shall be made to the allowance for depreciation or to the amount to be included in the surplus in respect of appreciation of such investments as shall increase the surplus for the purposes of these provisions to a figure which is fair and just;

(c) interest received during the inter-valuation period in respect of any securities of the Central Government which have been issued or declared to be income-tax free, shall not be excluded, but no income-tax shall be payable on the annual average of the amount of such interest.

Adjustment of tax paid by deduction at source.

Where for any year an assessment of the profits of insurance business is made in accordance with the annual average of a surplus disclosed by a valuation for an inter-valuation period exceeding twelve months, then, in computing the income-tax payable for that year, credit shall not be given in accordance with section 199 for the income-tax paid in the previous year, but credit shall be given for the annual average of the income-tax paid by deduction at source from interest on securities otherwise during such period

B.—Other insurance business

Computation of profits and gains of other insurance business.

5. The profits and gains of any business of insurance other than life insurance shall be taken to be balance of the profits disclosed by the annual accounts, copies of which are required under the Insurance Act, 1938, to be furnished to the Controller of Insurance, subject to the following adjustments:— 4 of 1938.

Provided that the Income-tax Officer is satisfied about the reasonableness of the amount written off or reserved in the accounts, as the case may be, to meet depreciation of or loss on the realisation of investments.

6. (1) The profits and gains of the branches in India of a person not resident in India and carrying on any business of insurance, may, in the absence of more reliable data, be deemed to be that proportion of the world income of such person which corresponds to the proportion which his premium income derived from India bears to his total premium income.

(2) For the purposes of this rule, the world income in relation to life insurance business of a person not resident in India shall be computed in the manner laid down in this Act for the computation of the profits and gains of life insurance business carried on in India.

Provided that incomings, including the annual value of the property occupied by the assessee, which but for the provisions of section 44 would have been assessable under the head "Income from house property", shall be computed in the manner applicable to income chargeable under that head, and that there shall be allowed from such gross incomings such deductions as are permissible in respect of income chargeable under that head;

(ii) "investments" includes securties, stocks and shares;

(5) Where the Tax Recovery Officer is satisfied that the property was, at the said date, in the possession of the defaulter as his own property and not on account of any other person, or was in the possession of some other person in trust for him, or in the occupancy of a tenant or other person paying rent to him, the Tax Recovery Officer shall disallow the claim.

(6) Where a claim or an objection is preferred, the party against whom an order is made may institute a suit in a civil court to establish the right which he claims to the property in dispute; but, subject to the result of such suit (if any), the order of the Tax Recovery Officer shall be conclusive.

NOTIFICATION

No. 2218L.—29th June, 1967.—The Governor having been pleased to order, under rule 66 of the Rules of Procedure and Conduct of Business in the West Bengal Legislative Assembly, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information:—

THE WEST BENGAL SALARIES AND ALLOWANCES (AMENDMENT) BILL, 1967.

A

BILL

to amend the West Bengal Salaries and Allowances Act, 1952.

WHEREAS it is expedient to amend the West Bengal Salaries and Allowances Act, 1952 for the purpose and in the manner hereinafter appearing;

West Ben. Act V of 1952.

It is hereby enacted in the Eighteenth Year of the Republic of India, by the Legislature of West Bengal, as follows:—

Short title and commencement.

1. (*1*) This Act may be called the West Bengal Salaries and Allowances (Amendment) Act, 1967.

(*2*) It shall be deemed to have come into force on the 1st day of March, 1967.

Insertion of new section 8A in West Ben. Act V of 1952.

2. After section 8 of the West Bengal Salaries and Allowances Act, 1952, the following section shall be inserted, namely:—

"Discretionary drawing of reduced emoluments.

8A. Any person to whom the provisions of this Act apply may, in his discretion, draw a lesser salary than that provided for him in this Act and may also draw any allowance to which he is entitled under this Act at a rate lower than the rate provided for him in this Act.".

STATEMENT OF OBJECTS AND REASONS.

The West Bengal Salaries and Allowances Act, 1952 provides for specific amounts of salaries not only for the Chief Minister and other Ministers, Ministers of State, Deputy Ministers and Parliamentary Secretaries, but also for the Speaker and Deputy Speaker of the Legislative Assembly and the Chairman and Deputy Chairman of the Legislative Council. As is well known, the Chief Minister and other Ministers have decided to draw, and have actually been drawing, a reduced salary of Rs.500 per month only. It is naturally not possible to amend the Act to alter the amount of a Minister's salary without disturbing the relative parity in the salaries of the others.

It is accordingly felt that an enabling section should be inserted in the Act to the effect that it shall be permissible for any such person, in his discretion, to draw less than any amount provided in the Act.

The West Bengal Salaries and Allowances (Amendment) Bill, 1967 has been prepared accordingly. As the present Ministry assumed office in the beginning of March this year, the Bill has been given retrospective effect from the 1st March, 1967.

WHEREAS it is expedient to amend the Bengal Legislative Assembly (Members' Emoluments) Act, 1937 for the purpose and in the manner hereinafter appearing; Ben. Act II of 1937.

It is hereby enacted in the Eighteenth Year of the Republic of India, by the Legislature of West Bengal, as follows:—

Short title and commencement.

1. (*1*) This Act may be called the Bengal Legislative Assembly (Members' Emoluments) (Amendment) Act, 1967.

(*2*) It shall be deemed to have come into force on the 1st day of March, 1967.

Insertion of new section 4A in Ben. Act II of 1937.

4A. One of the members of the West Bengal Legislative Assembly to be selected by the Chief Minister for work in connection with the conduct of Government business in the said Assembly shall, with effect from such date as the Chief Minister may specify, be entitled to—

(*a*) a sumptuary allowance of Rs.150 per month, and

(*b*) a conveyance allowance of Rs.300 per month, or in lieu thereof a motor car to be provided by the State Government upon such conditions as regards its maintenance, repairs and running expenses as the State Government may by order determine:

Provided that such member shall not draw any conveyance allowance under clause (*b*) of section 4.".

STATEMENT OF OBJECTS AND REASONS.

It has been felt necessary to provide some emoluments for the Member of the Legislature who is entrusted with work in connection with the conduct of Government business in the House. Such Member is usually known as the Chief Government Whip. With a view to facilitating the better performance of his work it has been proposed that he should receive a sumptuary allowance and also an increased conveyance allowance or in lieu thereof a motor car to be provided by the State on certain conditions.

A Bill for amending the Bengal Legislative Assembly (Members' Emoluments) Act, 1937 has been prepared accordingly. It is proposed that the Bill will have retrospective effect from the 1st March, 1967 when the new Legislative Assembly came into existence.
